As the parent of a student you have many rights and responsibilities. This booklet talks about many of those and laws, policies and statutes which cover them. We suggest you read it. We must get the signed form returned or your child may not be able to attend classes. This page talks about when your child is absent from school. Only in certain cases is it permissible for a student to miss school.

Teachers build your child’s education one day at a time, so every day is essential. In elementary, middle, junior, and high school, moving ahead, or even graduation, can be put in jeopardy if too many days are missed. Work with the teacher when a child must miss school. Get homework assignments and review work. There is only one chance to get a great education.

# ATTENDANCE

## ● General Absences

Children cannot learn if they are not in school. Children learn early about being on time and not missing school. For students 6 to 18 years old, daily school attendance is compulsory. Daily school attendance improves student achievement. Teach your child to be on time and that school attendance is an important family value.

It is also important that you know the state only awards funding to school districts for actual attendance. The state no longer funds districts for the excused absences listed below. Always review the school calendar and plan activities and vacations during days off. No pupil whose attendance is excused shall have grades or academic credit lost if assignments and tests can be reasonably completed.

Other attendance reports, such as truancy, still rely on excused and unexcused absences. There are legal consequences if your child misses too much school. You must send a note and/or phone the school within 72 hours to clear any excusable absences. Parents/Guardians have the right to be notified on a timely basis if their child is absent from school without permission. Unexcused absences result in a recorded truancy.

1. Notwithstanding EC 48200, a pupil shall be excused from school when the absence is:
  - A. Due to his or her illness.
  - B. Due to quarantine under the direction of a county or city health officer.
  - C. For the purpose of having medical, dental, optometric, or chiropractic services rendered.
  - D. For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
  - E. For the purpose of jury duty in the manner provided for by law.
  - F. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent.
  - G. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil's religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.

- H. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
  - I. For the purpose of spending time with a member of the pupil's immediate family, who is an active duty member of the uniformed services, as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
  - J. For the purpose of attending the pupil's naturalization ceremony to become a United States citizen.
  - K. Participation in religious instruction or exercises in accordance with district policy.
2. A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit thereof. The teacher of any class from which a pupil is absent shall determine the tests and assignments, which shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.
  3. For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.
  4. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.
  5. "Immediate family," as used in this section, has the same meaning as that set forth in Section 45194, except that references therein to "employee" shall be deemed to be references to "pupil." [EC 48205, 51101]

Districts may allow students, with parental or guardian consent to be excused to participate in moral or religious exercises or instruction. [EC 46014]

## ● Minimum Days/Pupil Free Staff Development Days

If your child will be affected by minimum days or staff development days, we will give you at least one month's notice. The dates that were known at press time are printed in the calendar in this booklet. [EC 48980(c)]

## ● Leaving School at Lunch Time

"The governing board of the Coast Unified School District, pursuant to Section 44808.5 of the Education Code, has decided to permit pupils enrolled at Coast Union High School to leave the school grounds during the lunch period. Neither the school district nor any officer or employee thereof shall be liable for the conduct or safety of any pupil during such time as the pupil has left the school grounds pursuant to this section." The district permits students in grades 11 through 12

this privilege; students in grades K through 10 may not leave campus. [EC 44808.5]

## ● Attendance Options

The governing board annually reviews attendance options including how students may attend a district school outside their attendance area (intra-district transfer). This district has non-arbitrary rules explaining how students may apply, be accepted or denied intra-district transfer. Many districts, by agreement, also allow the transfer of students from or to other districts (inter-district transfer). Victims of bullying or violence are given preference in inter-district transfers. In some cases, the district must provide transportation. Students attending “persistently dangerous” schools can transfer and enroll in a safe school. Districts cannot prevent children of active military from changing districts, as long as the district chosen agrees to accept them. Upon enrollment or transfer, principals are urged to check missing children information. Further information about residency, attendance options, special program options, etc. will be provided by the California Department of Education. [EC 46600, 48204, 48206.3, 48300, 48301, 48306, 48980, 49068, 51101; 20 USC 7912]

## ● Interdistrict Attendance

The agreement shall stipulate the terms and conditions which interdistrict attendance shall be permitted or denied.

### Conditions for approval and denial

- A. Approval of interdistrict transfers is based on compliance with the following conditions:
1. Regular attendance
  2. Satisfactory citizenship
  3. Transportation provided by the family
- B. Requests for interdistrict attendance agreement may be denied by the Superintendent or designee for the following reasons:
1. Transfer would result in excess costs to the district
  2. The student’s attendance would adversely impact the maintenance of class size standards, or increase district facility costs
  3. The student has a record of poor attendance or behavior

### Board Policy

The Governing Board recognizes that students who reside in one district may choose to attend school in another district and that such choices are made for a variety of reasons. The Board desires to communicate with parents/guardians and students regarding the educational program and services that are available in the district. The Superintendent or designee may approve interdistrict attendance agreements with other districts on a case-by-case basis to meet individual student needs. The interdistrict attendance agreement shall not exceed a term of five years and shall stipulate the terms and conditions under which interdistrict attendance shall be permitted or denied. The Superintendent or designee may deny applications for

interdistrict transfers because of overcrowding within district schools or limited district resources. [BP 5117; EC 46600-46611]

### Administrative Regulation

- A. The Superintendent or designee may approve interdistrict attendance permits for the following reasons:
1. To meet the child care needs of a student, K-8. Once a permit has been issued based on child care needs, a student in grades K-6 shall not be required to reapply for an interdistrict transfer as long as the student continues to receive child care in the district. When another district’s elementary school that feeds into this district has permitted the attendance of a student based on his/her child care needs, the student may be allowed to attend district schools through 12th grade. Such students may be allowed to continue to attend district schools only as long as they continue to use a child care provider within district boundaries. [EC 46601.5]
  2. To meet a child’s special mental or physical health needs as certified by a physician, school psychologist, or other appropriate school personnel.
  3. To allow a student to complete a school year when his/her parents/guardians have moved out of the district during that year
  4. To allow students to remain with a class graduating that year from an elementary, junior, or senior high school
  5. To let high school seniors attend the same school they attended as juniors, even if their families moved out of the district during the junior year
  6. When the parent/guardian provides written evidence that the family will be moving into the district in the immediate future and would like the student to start the year in the district
  7. To provide a change in school environment for reasons of personal and social adjustment when mutually agreed upon by the superintendent and principal of the student’s current school and an authorized representative of the school the student would otherwise attend.
  8. When at least one parent or the legal guardian of the student is physically employed within the boundaries of the district. Such students may be allowed to continue to attend district schools only as long as at least one parent or legal guardian of the student is physically employed by an employer situated within the attendance boundaries. [EC 48204.5b]
- B. A student’s interdistrict agreement may be revoked because of excessive truancy or continual disruption of the educational program.
- C. Transportation shall not be provided for students attending on an interdistrict agreement.

If your student is denied a transfer by either the District of Residence or the District of Attendance you have a right to appeal to the San Luis Obispo County Office of Education at 805-446-8181. This is your advice of that right. [EC 46601]

If, within 30 calendar days after the person having legal custody of a pupil has so requested, the governing board of either school district fails to approve the interdistrict attendance in the current term, or, in the absence of an agreement between the districts, fails or refuses to enter into an agreement, the district denying the permit, or in the absence of an agreement, the district of residence, shall advise the person requesting the permit of the right to appeal to the county board of education.

### **Students Expelled from Other Districts**

The Governing Board realizes that students expelled from school for serious offenses represent a possible danger to the students or staff at other schools in which they may seek to enroll. In order to identify and prohibit the enrollment of any such potentially dangerous student in the district, the Superintendent or designee shall request expulsion information from the expelling district whenever it receives an enrollment request from an individual who has been expelled. Information about students expelled from the district shall be supplied within five (5) working days to any other district that requests it.

The Superintendent or designee shall hold a hearing whenever it finds that the person seeking enrollment was expelled from another district.

The hearing and notice shall be conducted in accordance with expulsion procedures described in Education Code 48918 and in administrative regulations.

Upon determining, at this hearing, whether the individual in question poses potential danger to district students or employees, the Superintendent shall either deny enrollment for the remainder of the expulsion period, permit enrollment, or permit conditional enrollment. If the student is found not to pose a danger, he/she shall be admitted or conditionally admitted. If the enrollment is permitted, an interdistrict agreement shall be required unless the student has, since being expelled, established legal residence in the district. [EC 46600-46610, 48204, 48980, 52317]

### **Denial of Interdistrict Agreement**

The parent/guardian of a student who is denied an interdistrict agreement shall be notified in writing, giving specific reasons for the denial, and informed of the right within 30 days of their request to appeal the denial first to the Governing Board, and then, if still denied, to the County Board of Education.

### **Attendance Where Caregiver Resides**

If your child lives in the home of a caregiving adult, as defined by law, or a foster home your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving adult is required to determine that your child lives in the caregiver's home. [EC 48204(a), 48980(h); FC 6550-6552]

### **Attendance in District in Which Parent/Guardian is Employed**

The district may, but is not required to accept a transfer student whose parent/guardian resides outside the boundaries of the school district but is employed and lives with the student at the place of his/her employment within the boundaries of the school district for a minimum of three days during the school week; or a student whose parent/guardian physically works within the boundaries of the school district for a minimum of 10 hours during the school week. [EC 48204(7), 48980(i)]

### **Enrollment of Homeless or Foster Youth**

Foster and homeless children living in the District shall be permitted to attend a school in the District unless they: 1) stay enrolled at their school of origin outside the District, 2) their IEP indicates attendance elsewhere, or 3) the parent or guardian, with knowledge of all options, declares in writing otherwise. They also have rights to immediate enrollment in school, site and program attendance, and free after school programs. [EC 48204, 48850-48859, 48645.3, 51225.1, 56055; 5 CCR 4622; WIC 361, 726]

### **Individualized Instruction**

If your child has a temporary disability preventing him/her from attending regular classes, the District will provide individual instruction when possible. [EC 48206.3, 48980(b)]

### **Pupils in Hospitals Outside of School District**

If, due to a temporary disability, your child is in a hospital or other residential health facility, which is located outside your school district, he/she may be eligible to attend the school district in which the hospital is located. [EC 48207] If this situation should arise, you should notify both the district where you reside and where the hospital is located so that individualized instruction, if possible, can be provided. [EC 48208]

### **Truancy**

The state defines three levels of truancy, each carrying more severe penalties for both the student and the parents or guardians. The three are truant, habitual truant, and chronic truant.

**Truant:** A student is truant after missing three days of school or three 30-minute periods without a valid excuse.

**Chronic Truant:** A chronically truant student has missed 10 percent or more school days in a school year.

**Habitual Truant:** If a student is truant three or more times in a school year and an effort is made to meet with parents, then the student is a habitual truant.

**Interventions:** Students who are habitually truant, miss a lot of school or disorderly can be referred to a student attendance review board (SARB), a district attorney mediation program, or the county probation department. Through these programs the student can be given guidance to meet special needs for

improving attendance or improving school behavior. The goal is to intervene before a student enters the juvenile justice system or drops out.

**Student Penalties:** First truancy may result in a one-day weekend class. Second truancy may be a written warning from a peace officer that remains in the student’s records. Third truancy may result in assignment to an after-school or weekend program, a SARB, a probation officer, or district attorney program. A fourth truancy may result in a chance to improve attendance, but may also result in the student being placed within the jurisdiction of, and as a ward of the juvenile court. Other actions may include required community service, payment of a fine of \$100, attend a truancy mediation program, and loss of driving privileges. A finding of truancy may be handled through available community services.

**Parent Penalties:** In Education Code; first conviction – up to \$100 fine; second conviction – up to \$200 fine; third – up to \$500 fine. In Penal Code; parents of elementary students who are chronic truants face a fine up to \$2,000; imprisonment up to one year; or both. They may also be scheduled to meet regularly with district staff and/or referred for help. It is recommended that the parent or guardian attend classes at school with the student for one day.

[EC 48260, 48260.5, 48261, 48262, 48263, 48263.5, 48263.6, 48264.5, 48291, 48293, 48320; PC 270.1, 830.1; WIC 256, 258, 601, 601.3; VC 13202.7]

## ● Notice of Alternative Schools

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal’s office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

# INSTRUCTION AND CURRICULUM

## ● District Courses

Annually the District prepares curriculum, course titles, aims, and descriptions in a prospectus. The prospectus is available at each school site and may be reproduced at cost. Parents/Guardians have the right to review all course material. [EC 49091.14, 51101; PPR]

## ● Academic and Non-Academic Courses, Classes, Electives, Activities, Sports, and Related Facilities

State and federal policies require academic and nonacademic courses, classes, electives, school-related activities, team sports, athletic competitions, and school facilities be available to all students without regard to their gender or gender identity, and irrespective of the gender listed in their records. Staff will not counsel students into programs, courses, or careers based on their gender or gender identity. [EC 221.5, 221.8, 49600; GC 11135, 11138; Title VI, Title IX; § 504; California Interscholastic Federation (CIF) 300D]

## ● California State Academic Standards

California along with most other States developed and adopted common academic standards in core curriculum areas. They are rigorous, internationally benchmarked, and research- and evidence-based.

Each state, and each district in California decides how they will teach and what resources they will use. More information can be found at [www.cde.ca.gov/re/cc/](http://www.cde.ca.gov/re/cc/) or [www.corestandards.org](http://www.corestandards.org). California launched a new computer-based student testing system that ties to the standards for English language arts, mathematics, and science called the California Assessment of Student Performance and Progress (CAASPP). This new system replaces the Standardized Testing and Reporting (STAR) Program that was based on 1997 standards. Parents can opt their child(ren) out of CAASPP testing by submitting a written letter. More information about the CAASPP can be found at [www.cde.ca.gov/ta/tg/ca/](http://www.cde.ca.gov/ta/tg/ca/). [EC 60119, 60604.5, 60615]

## ● LCFF and LCAP

The LCFF (Local Control Funding Formula) changes the way the State provides money to school districts. Under this new system, school districts receive a uniform base grant for every student, adjusted by grade level. Plus they receive adjustments for the number of students living in poverty, English learners, and foster youth. Then there are further adjustments for concentration of these groups if they are above 55% of the district’s enrollment. More information about the LCFF is available at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/).

The LCAP (Local Control Accountability Plan) is a critical part of the LCFF. Each school district is required to engage parents, students, educators, employees, and the community to establish their plan. Anyone can comment to the school board regarding LCAP proposals or expenditures either by submitting comments in writing or at a public hearing held by

the school board for that purpose. The plan must describe the overall vision for students, annual goals including language acquisition, and specific action to achieve these goals. The LCAP must focus on eight areas identified as State priorities. The plan will demonstrate how the district's budget will help achieve the goals, and annually assess how well the strategies improved outcomes. Complaints regarding LCAP may be filed anonymously. [EC 305, 52060, 52062, 52066]

### **Homeless, Foster, and Juvenile Court Youth**

Foster, homeless, and juvenile court youth have special rights related to graduation and partial high school credits. They also have the right to an adult to help make educational decisions. More information can be found at the California Foster Youth Education Task Force, [www.cde.ca.gov/lsp/fy/fosteryouthedrights.asp](http://www.cde.ca.gov/lsp/fy/fosteryouthedrights.asp). Foster and homeless youth also have special rights associated with college, and certain considerations in school discipline. The District Uniform Complaint Procedure may be used to file a complaint. [EC 48645.3, 48645.5, 51225.1, 56055; 5 CCR 4622; WIC 361, 726]

### **Language Learning Programs**

The District offers a language learning program, Structured English Immersion — nearly all classroom instruction is in English. [EC 306, 310(b)(2)]

### **☰ Curriculum and Personal Beliefs**

Whenever any part of the instruction in health or family life education conflicts with your religious training and beliefs or personal moral conviction, or those of your child, your child shall be excused from such instruction if you request an excuse in writing. [EC 51240]

### **Family Life, Human Development, and Sexual Health Education**

Your child will be taking classes in compliance with the California Healthy Youth Act. These will include instruction in comprehensive sexual health education, HIV prevention education, and research findings regarding pupil health behaviors and risks. Any written and audio-visual educational materials planned for use are available for inspection prior to the start of classes. You may have copies of non-copyrighted material that will be presented by a teacher or guest speaker for ten cents (10¢) per page. You will be notified before such instruction, and have a right to request, in writing, that your child not participate in any or all activities. You may withdraw this request at any time. School districts must ensure that all participating pupils receive sexual health instruction from personnel adequately trained in appropriate courses. At the discretion of the District, staff (teachers) give such instruction. If taught by a consultant or guest speaker, or in an assembly, parents will receive notice of the dates, name of organizations, and affiliation of speakers by mail or other commonly used method of notification at least 14 days prior to the dates of the class or assembly. During this class, students in grades 7-12

may be asked to anonymously, voluntarily, and confidentially fill out evaluation and research tools such as surveys, tests, or questionnaires measuring student attitudes toward health, sex, and risk behaviors. Copies of Education Code Sections 51933, 51934, and 51938 can be requested from the District or can be obtained online at [www.leginfo.legislature.ca.gov](http://www.leginfo.legislature.ca.gov). [EC 51933, 51934, 51937-51939]

### **Dissection of Animals**

If your child chooses not to participate in the dissection of animals, and if the teacher believes that an adequate alternative education project is possible, the teacher may work with the student to develop and agree upon an alternative education project for the purpose of providing your child an alternate avenue for obtaining the information required by the class. The school will need a signed note from you indicating your child's objection. [EC 32255]

### **Tests/Surveys on Personal Beliefs**

You and/or your child(ren) over 18 will be notified before administration of tests, questionnaires, surveys, examinations, containing questions about your child's, or your personal beliefs, political practices, mental health, anti-social, illegal, self-incriminating, demeaning behavior, critical appraisals of others close to the family, about legally confidential relationships such as ministers or doctors, income (unless to determine eligibility for receiving assistance), sex, family life, morality, or religion. You will be asked for written permission except for exempt surveys (in grades 7-12) that are part of sexual health programs or State surveys. Parents may opt their child(ren) out of all surveys, including those seeking information to be used in marketing. Parents have the right to review any survey or educational materials related to the survey on any of the above items. The District has developed policies relating to surveys and personal information. Notice will be sent to parents prior to such test or survey. If you believe your rights have been violated, you may file a complaint with the Family Policy Compliance Office at U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920. [EC 51513, 5160614, 51938; 60615; PPR; 34 CFR 98; ESEA]

### **☰ University Admissions**

#### **University of California/California State University Admissions**

Admission to the California State Universities requires a minimum 15-unit pattern of courses for admission as a first-time freshman. Each unit is equal to a year of study in a subject area. A GPA of 2.0 (C) or higher is required for regular admission. Admittance is based on an eligibility index that combines multiple items. Transfer students are accepted.

Admission to the University of California requires completion of the 15 yearlong high school course list. These courses are also known as the "a-g" subjects. At least seven of the 15 yearlong courses must be taken in the students last two

years of high school. A GPA of 3.0 (B) or higher is required for California residents. [EC 48980, 51229]

### **Cuesta College Dual Enrollment Program (CUHS)**

Many high school-age students are ready to do college-level work and receive college credit. In collaboration with Cuesta College, we are offering two “dual enrollment” courses; one engineering course, and the “get focussed, stay focussed” curriculum. This will enable students to maximize the number of college credits they receive before graduation.

For parents, it makes sense to save money by earning as much college credit as possible in the high school years.

### **Definition of career technical education**

A program of study that involves a multiyear sequence of courses that integrates core academic knowledge with technical and occupational knowledge to provide students with a pathway to postsecondary education and careers. More information is available about Career Technical Education at California Department of Education, [www.cde.ca.gov/ci/ct/](http://www.cde.ca.gov/ci/ct/). [EC 48980(I), 51229]

Coast Unified School District offers two career technical education pathways; “Agriculture”, and “Arts, Multimedia, and Entertainment”. Beginning with the graduating class of 2016, 1.5 units of CTE and 0.5 units of online or distance learning are required for graduation.

### **Talking with a counselor**

High school counselors are trained to help students prepare for college or career training. They take students through all the steps so nothing is missed including information about financial aid, requirements, and careers. Most counselors are available by appointment and will meet with students and their families. [EC 48980, 51229]

## **SCHOOL RECORDS AND STUDENT ACHIEVEMENT**

### **Pupil Records**

You and your children over 18 have the right to review, get copies, and inspect their school records within five business days of a written or oral request or before any meeting regarding an individualized education program or a hearing. Those records are confidential, and privacy will be maintained, except in some instances such as when your child transfers to another school. In some instances information about your child may be released to District staff, foster agencies, after school program operators, summer camp operators, lawyers, law enforcement, state researchers, and nonprofit researchers. Sharing of pupil records must conform to federal laws and in some cases must be approved by the State Committee for Protection of Human Subjects. The records include transcripts, discipline letters, commendations, attendance, and health information. The records are maintained at the school site by the Principal and Secretary. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types and locations where materials are held. There is a log of who has viewed the records that is kept at the same location as the records. District policy or administrative regulation 5125 sets forth the criteria by which school officials and employees can look and change or delete the files and why. Files may be reviewed to identify

students eligible for public school choice or supplemental educational services. You may have copies made for twenty five cents (25¢) per page. If you cannot afford the cost of copies they will be provided free of charge. You also have the right to file a written request with the superintendent challenging the records. You can challenge how your request was handled with the district or with United States Department of Education if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer's expertise, comment not based on personal observation with time and date noted, misleading information, or violation of privacy rights. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student's record. [EC 8484.1, 49063, 49060, 49068, 49069, 49069.3, 49070-49079.7, 51101, 56043, 56504; CC 1798.24(t); FERPA; 20 USC 1232(g); 34 CFR 99]

For a smoother transition, through a relationship established with the Department of Defense and the California Department of Education, the District has established guidelines for transferring credits and meeting graduation requirements of students from military families. [EC 51250]

### **Student Data from Social Media Websites**

School Districts may now adopt a plan to gather student information from social media websites. The Governing Board has not adopted such a plan, but may consider it in the future. The information would pertain only to student or school safety, and must be destroyed within one year of the student leaving the District or turning 18. [EC 49073.6]

### **Regulations Regarding Pupil Achievement**

The Governing Board believes good communication between parents and teachers is important in the educational process. All appropriate forms of communication should be used. The progress report should reflect student progress in classwork and proficiency levels and indicate educational growth in relation to the student's ability, citizenship and effort. [EC 49067]

### **Teacher Qualifications**

A provision of federal Title I requires all districts to notify parents of children in Title I schools that they have the right to request and receive timely information on the professional qualifications of classroom teachers and paraprofessionals including state qualifications, licensing for the grade level or subject taught, any waivers for qualifications, emergency provisions, college major, graduate degrees and subject, and if paraprofessionals or aides are in the classroom and what their qualifications are. [ESEA; 20 USC 6311; 34 CFR 200.61]

### **Release of Directory Information**

The law allows schools to release "directory information" to certain persons or organizations including military recruiters. Directory information includes a student's name, address,

telephone number, email address, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous school attended. You may have the district withhold any of this information by submitting a request in writing by September 30, 2017. Written notification received after the date specified will be honored, but the student's information may have been released in the interim. In the case of students with exceptional needs or who are homeless, no material can be released without parent or guardian consent. [EC 49061(c), 49070, 49073(c), 56515; FERPA; ESEA]

### **School Safety Plan**

Every year, each school shall review and update its plan by March 1. Each school shall make its plan public and shall share the plan with numerous community leaders, school site personnel, and parent groups. Plans should, among other things, provide guidance for the response to and/or the prevention of bullying, child abuse, and disasters. Key elements are to be described in the School Accountability Report Card. Planned responses to criminal incidents need not be disclosed. The Uniform Complaint Procedure can be used regarding School Safety Plan compliance. [EC 32281, 32282.1, 32286, 32288, 32289, 51101]

## **STUDENT SERVICES**

### **Student Meal Program**

Many sources of school funding depend on the number of students that qualify for free or reduced-price meals. If your child qualifies for free or reduced-price meals, they may automatically qualify for other programs or services. Your child may, but is not required to take advantage of these services. The district may also offer a summer food service program. Information on the application is confidential, and is used only to determine funding sources for the district. Please submit an application to help the district qualify for as many of these funds as possible. [EC 49510-49520, 49558; 42 USC 1761(a)]

### **Student Use of Technology**

The Board of Education intends that technological resources provided by the district be used in a safe and responsible manner in support of the instructional program and for the advancement of student learning. All students using these resources shall receive instruction in their proper and appropriate use.

Teachers, administrators, and/or library media specialists are expected to review the technological resources and online sites that will be used in the classroom or assigned to students in order to ensure that they are appropriate for the intended purpose and the age of the students.

The Superintendent or designee shall notify students and parents/guardians about authorized uses of district technology, user obligations and responsibilities, and consequences for

unauthorized use and/or unlawful activities in accordance with this Board policy and the district's Acceptable Use Agreement.

District technology includes, but is not limited to, computers, the district's computer network including servers and wireless computer networking technology (wi-fi), the Internet, email, USB drives, wireless access points (routers), tablet computers, smartphones and smart devices, telephones, cellular telephones, personal digital assistants, pagers, MP3 players, wearable technology, any wireless communication device including emergency radios, and/or future technological innovations, whether accessed on or off site or through district-owned or personally owned equipment or devices.

Before a student is authorized to use district technology, the student and his/her parent/guardian shall sign and return the Acceptable Use Agreement. In that agreement, the parent/guardian shall agree not to hold the district or any district staff responsible for the failure of any technology protection measures or user mistakes or negligence and shall agree to indemnify and hold harmless the district and district staff for any damages or costs incurred.

The district reserves the right to monitor student use of technology within the jurisdiction of the district without advance notice or consent. Students shall be informed that their use of district technology, including, but not limited to, computer files, email, text messages, instant messaging, and other electronic communications, is not private and may be accessed by the district for the purpose of ensuring proper use. Students have no reasonable expectation of privacy in use of the district technology. Students' personally owned devices shall not be searched except in cases where there is a reasonable suspicion, based on specific and objective facts, that the search will uncover evidence of a violation of law, district policy, or school rules.

The Superintendent or designee may gather and maintain information pertaining directly to school safety or student safety from the social media activity of any district student in accordance with Education Code 49073.6 and BP/AR 5125 - Student Records.

Whenever a student is found to have violated Board policy or the district's Acceptable Use Agreement, the principal or designee may cancel or limit a student's user privileges or increase supervision of the student's use of the district's equipment and other technological resources, as appropriate. Inappropriate use also may result in disciplinary action and/or legal action in accordance with law and Board policy.

The Superintendent or designee, with input from students and appropriate staff, shall regularly review and update procedures to enhance the safety and security of students using district technology and to help ensure that the district adapts to changing technologies and circumstances.

### **Internet Safety**

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection

measure that protects against access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced.

To reinforce these measures, the Superintendent or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities.

Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest and is matter which depicts or describes, in a patently offensive way, sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors.

The district's Acceptable Use Agreement shall establish expectations for appropriate student conduct when using the Internet or other forms of electronic communication, including, but not limited to, prohibitions against:

1. Accessing, posting, submitting, publishing, or displaying harmful or inappropriate matter that is threatening, obscene, disruptive, or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs
2. Intentionally uploading, downloading, or creating computer viruses and/or maliciously attempting to harm or destroy district equipment or materials or manipulate the data of any other user, including so-called "hacking"
3. Distributing personal identification information, including the name, address, telephone number, Social Security number, or other personally identifiable information, of another student, staff member, or other person with the intent to threaten, intimidate, harass, or ridicule that person

The Superintendent or designee shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, the dangers of posting one's own personal identification information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying. [BP 6163.4 November 2015; EC 49073.6, 51006, 51007, 60044; PC 313, 502, 632, 653.2; 15 USC 6501-6506; 20 USC 6751-6777; 47 USC 254; 16 CFR 312.1-312.12; 47 CFR 54.52]

### **☛ "Robocalls" and Text Messages Sent by Schools**

The Federal Communication Commission (FCC) has confirmed that schools may lawfully make robocalls and send automated texts to student family wireless phones pursuant to an "emergency purpose." For non-emergency situations, schools may make robocalls and send automated text messages regarding topics closely related to the schools' mission. If you

would like to revoke receipt of robocalls and automated texts, you may contact your school's secretary to submit your request.

### ● **School Accountability Report Card**

The School Accountability Report Card is available on request, and is available annually by February 1st on the Internet at [www.coastusd.org](http://www.coastusd.org). It contains information about the district and school regarding the quality of programs and its progress toward achieving stated goals. A copy will be provided upon request. [EC 33126, 32286, 35256, 35258, 51101]

### ● **Services to Disabled Pupils**

If you have reason to believe your child (ages 0 through 21 years) has a disability requiring special services or accommodations, tell or write the school. Your child will be evaluated to determine whether he/she is eligible for free special or modified instruction or services.

The District wants to locate, identify and assess all children with disabilities whether homeless, wards of the state, enrolled in public or private schools. Students identified with special needs will receive a Free Appropriate Public Education in the least restrictive environment. [EC 48853, 56020 et seq., 56040, 56301; 5 CCR 4622; 20 USC 1412, (10)(A)(ii), 1412(a)(6)(A); 34 CFR 300.121]

### ● **Advanced Placement Examination Fees**

State funding is available to qualified low-income students to assist in paying all or part of Advanced Placement exams. [EC 48980(k), 52240]

### ● **Pupil Fees**

While there are limited exceptions, families and students should not have to pay fees for most items related to public education. There are four types of fees identified in Education Code:

Pupil Fees: No fees or deposits can be required or collected for items including, but not limited to, materials, supplies, equipment, uniforms (i.e. band, cheerleading, basketball), lockers, locks, books, class apparatus, musical instruments.

Educational Activity Fees: No fees can be required or collected for student participation in an event or activity, either curricular or extracurricular, that is an essential part of a student's education or for transportation to those events. There can be no fees required for registering or participating in regular or extra classes.

Voluntary Donations: While voluntary donations may be suggested for activities, no student may be denied participation based on the family's ability to make a donation.

Exceptions – When fees may be required: By law, there are exceptions to the prohibition against charging of fees or deposits. These exceptions include, but are not limited to, transportation to non-essential activities, non-essential events where attendance is optional (such as a school dance), food served to students, damage to district provided

materials such as textbooks, cost of community service classes, and fingerprinting. Money may also be collected for material used for projects that a student will be taking home, such as, material used in a career class like as woodshop or sewing. The Uniform Complaint Procedure can be used regarding pupil fee compliance. A complaint may be filed with the school principal, and may be filed anonymously.

[EC 17551, 17552, 19911, 32030-32033, 32220-32224, 32390, 35330, 35331, 35335, 38084, 38118, 38120, 39807.5, 48052, 48053, 48904, 49010-49013, 49063, 49065, 49066, 51815, 52373, 52612, 52615, 52920-52922, 60070; 5 CCR 4610, 4630]

## **HEALTH SERVICES**

### ● **Information for Use in Emergencies**

For the protection of your child's health and welfare, we ask that you fill out and return the Emergency Information Card enclosed in your school registration packet. [EC 49408]

### ● **Immunizations**

A pupil may not be admitted to a classroom setting in school unless he/she has been fully immunized against diphtheria, hepatitis b, haemophilus influenza type b, measles, mumps, pertussis (whooping cough), poliomyelitis, rubella, tetanus, and varicella (chickenpox). Students must be immunized for varicella or provide proof from a doctor stating child has had the disease. All advancing students, new students, or transferring students in grades 7 through 12 must be fully immunized, including a required booster against pertussis (Tdap). They shall not be admitted without the Tdap booster.

It is this district's policy that there be no "conditional" admittance to schools. Documented proof that immunizations are up-to-date is required before admission to school is granted. This requirement does not apply in at least the following instances:

- If note from physician is supplied saying physical or medical condition does not allow vaccination.
- If a homeless or foster child is enrolling.

The required immunizations are available through a usual source of medical care, County Health Department, a school nurse, or may be administered by a health care practitioner acting under the direction of a physician. Immunizations may be given at school. There may be funds for those who cannot access services.

If an outbreak of a communicable disease occurs at a school, the non-immunized student will be excluded for his/her own safety until such a time as directed by health officials or district administration.

Parents or guardians may refuse to allow the sharing of personal information related to their child's immunization records by notifying the County Health Department listed in this section. [HSC 120325, 120335, 120338, 120370, 120375, 120400, 120405, 120410, 120415, 120480; EC 48216, 49403, 48852.7, 48853.5; 17 CCR 6000-6075; 42 USC 11432(C)(i)]

## ● Physical Examinations

For each child enrolling in the District for the first time in kindergarten or first grade, the parent or guardian must present a certificate, signed by a physician, verifying that the child has received a physical examination within the last 18 months. If your child does not receive this exam, you must file a waiver with the school district stating the reasons you are unable to obtain such services. You may have your child immunized at the same time that the physical examination is conducted. [EC 49450; HSC 124085, 124100, 124105]

These services may be available to you at no cost through the Child Health and Disability Prevention Program (CHDP). For information, you may contact:

San Luis Obispo County Health Department  
760 Morro Bay Blvd.  
Morro Bay, CA 93442  
805-772-6380

If you want your child to be exempt from physical examinations at school, file a written statement annually with the school refusing such an exam. However, when there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, he/she may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist. [EC 49451; PPRA]

## ● Kindergarten and/or First Grade Oral Health Assessment

Many things impact a child's school progress and success, including health. Children must be healthy to learn, and children with cavities are not healthy. Baby teeth are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school.

Parents or guardians must have their child's oral health assessed by May 31 of the student's first school year (kindergarten or first grade). Assessments within the 12 months before the child enters school also meet this requirement. The assessment must be done by a licensed dentist or licensed or registered dental health professional. [EC 49452.8]

## ● Vision, Hearing, and Scoliosis Screening

An authorized person will check your child's vision upon enrollment (unless the student enters the District in grade 4 or 7) and in grades 2, 5, and 8. Hearing tests will be conducted when your child is enrolled or first enters a District school. Between grades 6 and 8, your child may be screened for scoliosis (curvature of the spine). These tests will/may be administered unless you annually present to the school a certificate from a physician or optometrist verifying prior testing, or submit a letter denying consent. [EC 44878, 49451, 49452, 49452.5, 49455]

## ● Medication

Children may take medication, which is prescribed by a physician, and get help from school personnel during the school day if:

1. The district designee has received a written statement from the physician detailing the medication name, method, amount, and time schedules by which the medication is to be taken; and
2. Parent, guardian, or caregiver annually submits a written statement asking the school district to assist their child in taking the medication or allow the student to self-administer certain medications. This includes allowing a school staff member to volunteer to identify the need for, and administer glucagon, epinephrine, and epilepsy seizure medication to a student. The letter gives permission to a district representative to communicate with the health care provider, pharmacist and acknowledge understanding of how the medication will be administered. Each school determines if it will have staff trained in the use and storage of auto-injectable epinephrine. The District will have a supply of epi-pens at each school site. [EC 49414(d), 49414.7, 49423, 49480]

Children may carry and self-administer a blood glucose level test, diabetes care, inhaled asthma medication, and auto-injectable epinephrine if the rules above are met and if a physician confirms in writing that the student is able to self-administer. In the case of a serious emergency, the school district will administer an epi pen or epinephrine auto-injector. [EC 49414, 49414.5, 49423, 49423.1, 49480; ne]

If your child is on a continuing medication regimen for a non-episodic condition, you are required to notify the district designee of the medication being taken, the current dosage, and the name of the supervising physician. [EC 49480]

## ● Sun Protection

Students when outdoors can wear sun protective clothing, including, but not limited to hats. Students may also apply sunscreen during the day without a doctor's note or prescription. [EC 35183.5, 35291]

## ● Medical and Hospital Insurance for Students

The district DOES NOT provide insurance on individual students. However, you may purchase accident insurance through the district for medical and hospital services covering your child. The insurance provides coverage for your child while on school grounds or in school buildings during the time your child is required to be there because of attendance during a regular school day of the district; or while being transported by the district to and from school or other place of instruction; or while at any other place as an incident to school-sponsored activities. All children enrolling in kindergarten, first grade, or transferring into the district must be enrolled in a health care plan. There are several options for getting a health plan; through an insurance agent, or low cost provider such as Medi-Cal and Covered California. The school district assumes no liability for accidents to pupils at school. [EC 32221.5, 49452.9, 49472; PPACA]

**Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses. Some pupils may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. Information about these programs may be obtained by calling Covered California (800) 300-1506 or online at [www.coveredca.com](http://www.coveredca.com). [EC 49471]**

If student participates in school-sponsored athletics other than regular physical education or an athletic event during the school day, parents/guardians and the student athlete are required to; (1) complete a concussion awareness form annually, and (2) sign an acknowledgement that CIF cardiac arrest information posted on the California Department of Education website was read. If a student participates in an athletic activity governed by the CIF, the school shall collect and retain a copy of the sudden cardiac arrest information sheet. [EC 33479, 49475]

### **☛ Drug, Alcohol, Tobacco, and Steroid Use Prevention**

The unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs, alcohol, or any form of tobacco product on District premises or as a part of any District activity is strictly prohibited. Beginning in January 2017, “tobacco product” is defined as (i) any product made or derived from tobacco or nicotine that is intended for human consumption, regardless of how consumed; (ii) an electronic device that delivers nicotine or other vaporized liquids to the person inhaling from the device (commonly known as “e-cigarettes”); or (iii) any component, part or accessory of a tobacco product. Except for members of the military, possession of tobacco by those under 21 is illegal and can lead to a \$75 fine or 30 hours of community service. It is illegal to possess synthetic marijuana. School districts may adopt no smoking policies that are not part of the TUPE program. The District has adopted a policy banning electronic-cigarettes (e-cigarettes) and other vapor delivery devices. [EC 48900, 48901; HSC 11357.5, 11375.5; BPC 22950.5(c); PC 308]

This district often seeks funding to support student programs; the district qualifies for Tobacco Use Prevention Education (TUPE) grant money. Money for the grant comes from Proposition 99 (1988) that added a 25¢ tax on each pack of cigarettes. In grades 6-12, TUPE funds support health education efforts aimed at the prevention and reduction of tobacco use by students and provide intervention and cessation services to students currently using tobacco. ### **☛ Type-2 Diabetes Information**

Type-2 diabetes is the most common form of diabetes in adults. Until a few years ago, type-2 diabetes was rare in children, but it is becoming more common, especially for overweight teens. According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type-2 diabetes in his or her lifetime.

Type-2 diabetes affects the way the body is able to use sugar (glucose) for energy. The body turns the carbohydrates in food into glucose, the basic fuel for the body’s cells. The pancreas makes insulin, a hormone that moves glucose from the blood to the cells. In type-2 diabetes, the body’s cells resist the effects of insulin, and blood glucose levels rise. Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia. Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

### **Risk Factors Associated with Type-2 Diabetes:**

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type-2 diabetes be screened (tested) for the disease.

Researchers do not completely understand why some people develop type-2 diabetes and others do not. The following risk factors are associated with an increased risk of type-2 diabetes in children:

**Being overweight:** The single greatest risk factor for is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.

**Family history of diabetes:** Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

**Inactivity:** Being inactive further reduces the body’s ability to respond to insulin.

**Specific racial/ethnic groups:** Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type-2 diabetes.

**Puberty:** Young people in puberty are more likely to develop type-2 diabetes than younger children, probably because of normal rises

in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

### **Warning Signs and Symptoms:**

Warning signs and symptoms develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type-2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type-2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

### **Prevention Methods and Treatments:**

Healthy lifestyle choices can help prevent and treat type-2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

- Eat healthy foods. Make wise food choices. Eat foods low in fat and calories.
- Get more physical activity. Increase physical activity to at least 60 minutes every day.
- Take medication. If diet and exercise are not enough to control the disease, it may be necessary to treat type-2 diabetes with medication.

The first step in treating type-2 diabetes is to visit a doctor who can determine if a child is overweight. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type-2 diabetes).

### **Types of Diabetes Screening Tests Available:**

Glycated hemoglobin (A1C) test: A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.

Random (non-fasting) blood sugar test: A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.

Fasting blood sugar test: A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A

level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.

Oral glucose tolerance test: A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type-2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.

### **☰ Meningitis**

Meningococcal disease or Meningitis can be a life threatening infection that can be treated, but cannot always be cured. Routine vaccinations are recommended for 11-12 years olds, students entering high school and students living in college dorms. For more information please visit the California Department of Public Health website or go to [www.cdph.ca.gov/HealthInfo/discond/Pages/Meningococcal\\_Disease.aspx](http://www.cdph.ca.gov/HealthInfo/discond/Pages/Meningococcal_Disease.aspx) [HSC 120395-120399]

### **☰ Confidential Medical Services**

## **STUDENT BEHAVIOR AND SAFETY**

### **☰ School Rules**

You have a right to review school and district rules regarding student discipline. If you wish to do so, please contact the school office. [EC 35291, 48980, 51101]

### **☰ Dress Code**

The general atmosphere of a school must be conducive to learning. If a student's general attire or appearance represents a danger to his/her health or welfare or attracts undue attention to the extent that it becomes a disruptive factor in the school, the principal or his/her designee or teacher will ask the student to make the necessary changes. In the event the change does not take place in the time allowed, the principal or his/her designee will prescribe the necessary action to be taken by the school under the rules and regulations prescribed by the state Education Code and school board policies. In addition, it is recognized that the school shares with parents a responsibility for teaching its youth appropriateness of dress. It is a mark of maturity when a student can freely choose appropriate apparel, which still demonstrates individuality. In the interest of health, safety, cleanliness, decency and decorum among students, the following regulations have been adopted by the Board of Education:

In general, wearing apparel will be determined at the discretion of the parent. However, at any time when there is evidence that choice of clothing or a student's appearance

potentially endangers the student's health or safety, or otherwise interferes with the educational process and mission of the school, the school will exercise its rights and responsibilities to intervene and take corrective action.

- In all matters relating to individual dress and grooming, students are required to exercise good judgment, exhibit responsible behavior and endeavor to reflect respect for themselves, their school and their community.
- Students are expected to follow all school rules governing safety and specialized programs that may require the wearing of protective clothing, safety glasses or other similar requirements.
- Clothing and personal items (backpacks, fanny packs, gym bags, water bottles, etc.) shall be free of writing, pictures or any other insignia which are crude, vulgar, profane or sexually suggestive, which bear drug, alcohol or tobacco company advertising, promotions and the like, or which bear any symbol or insignia that is inflammatory or indicates/advocates hatred based on group membership.

The wearing of clothing which represents any group, gang, organization, or philosophy which advocates violence or disruption, or has any history of violence or disruption of the school's instructional program objectives is unacceptable.

- Attire or items which may be used as a weapon may not be worn (i.e. steel-toed boots, chains, items with spikes, etc.).
- Dark glasses shall not be worn in classrooms or offices unless a health problem exists.
- Hats, caps and other head coverings shall not be worn in classrooms. Students may wear head coverings at outdoor activities.
- Clothes must fit properly and must conceal undergarments at all times. See-through or fishnet fabrics, halter-tops, tube tops, off the shoulder or low-cut tops, and bare midriffs are prohibited. Shirts must be worn on campus. Clothing which is unduly revealing, or attire that detracts in any way from the educational mission of the school's instructional program is unacceptable.
- Coaches and teachers may impose more stringent dress requirements to accommodate the special needs of certain sports and/or classes.
- Footwear must be worn at all times at school.
- Skirts or shorts shorter than mid-thigh are prohibited.

The Principal reserves the right to determine whether student appearance is disruptive, unsafe or inappropriate to the educational process. While it is inevitable that there will be differences of opinion as to the appropriateness of dress, the final determination will be the judgment of the Principal.

### **Consequences**

- Prior to sending students to the office/administration for dress code violations, teachers will talk to students about their dress and seek voluntary compliance with the policy.
- Progressive discipline strategies will be followed including but not limited to:

- Student and parent conference with administration, and attire altered;
- 1-3 day suspension, attire altered and parent conference;
- 3-5 day suspension, attire altered and parent conference.

### **☞ Cell Phones, pagers, electronic signaling device**

Districts may regulate the possession or use of any cellphone, pager or electronic signaling device while pupils are on campus, while attending school-sponsored activities, or while under the supervision and control of school district employees. Use is allowed if essential to student's health as determined by a licensed physician or surgeon. [EC 48901.5]

### **☞ Electronic Listening, Video, or Recording Devices**

The use by any person, including a student, of any electronic listening, video, or recording device in any classroom, at any school activity, or on school grounds without prior written consent of the teacher and the principal is prohibited. Any student in violation shall be subject to appropriate disciplinary action. Any person other than a student that willfully violates this section shall be guilty of a misdemeanor. [EC 51512]

Any person accessing, posting, submitting, or publishing any image, video, or recording without prior written consent of all subjects of said image or recording and the principal that could be construed as harassment, and will be subject to disciplinary action.

### **☞ Safe Place to Learn**

It is State and District policy to improve student safety, connections between students and supportive adults, and connections between schools and communities. These policies prohibit discrimination, harassment, intimidation, and bullying at all school sites and school activities based on actual or perceived characteristics: race, color, ancestry, nationality, national origin, ethnicity, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or association with a person or group with one or more of these actual or perceived characteristics at any school sponsored activity. School site staff trained in anti-bias shall be made known. When safe to do so, District employees must intervene immediately when they see discrimination, harassment, intimidation or bullying. Certificated staff, 7-12 grades get information about helping LBGQT students. Resources about bullying, intimidation, and violence are found through the District and online at [www.cde.ca.gov](http://www.cde.ca.gov), [www.cde.ca.gov/ls/ss/se/bullyres.asp](http://www.cde.ca.gov/ls/ss/se/bullyres.asp), [www.cde.ca.gov/ls/ss/se/bullyfaq.asp](http://www.cde.ca.gov/ls/ss/se/bullyfaq.asp), [www.cde.ca.gov/ls/ss/vp/ssresources.asp](http://www.cde.ca.gov/ls/ss/vp/ssresources.asp), [www.californiahealthykids.org](http://www.californiahealthykids.org)

## DISCRIMINATION, PROTECTIONS, COMPLAINTS AND PROCEDURES

All pupils have the right to participate fully in the educational process, free from discrimination and harassment. Schools have an obligation to combat racism, sexism, and other forms of bias, and a responsibility to provide equal educational opportunity and ensure safe school sites.

The District is primarily responsible for compliance with local, state and federal laws and regulations and has procedures to address allegations of unlawful discrimination, harassment, intimidation, or bullying against any protected individual or group including actual or perceived sex, sexual orientation, gender, gender identity, gender expression, ethnic group identification, race or ethnicity, ancestry, national origin, nationality, religion, mental or physical disability, age, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any district program, or activity that receives or benefits from local, state and federal financial assistance.

## ● Nondiscrimination/Harassment

The Board of Education desires to provide a safe school environment that allows all students equal access and opportunities in the district's academic and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, harassment, intimidation, and bullying of any student based on the student's actual race, color, ancestry, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression; the perception of one or more of such characteristics; or association with a person or group with one or more of these actual or perceived characteristics.

Prohibited discrimination, harassment, intimidation, or bullying includes physical, verbal, nonverbal, or written conduct based on one of the categories listed above that is so severe and pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

The Board also prohibits any form of retaliation against any student who files a complaint or report regarding an incident of discrimination, harassment, intimidation, or bullying.

The Superintendent or designee shall provide age-appropriate training and information to students, parents/guardians, and employees regarding discrimination, harassment, intimidation, and bullying, including, but not limited to, the district's nondiscrimination policy, what constitutes prohibited behavior, how to report incidents, and to whom such reports should be made.

In providing instruction, guidance, supervision, or other services to district students, employees and volunteers shall carefully guard against segregating or stereotyping students.

The principal or designee may develop a plan to provide students with appropriate accommodations when necessary for their protection from threatened or potentially harassing or discriminatory behavior.

Students who engage in discrimination, harassment, intimidation, bullying, or retaliation in violation of law, Board policy, or administrative regulation shall be subject to appropriate discipline, up to and including counseling, suspension, and/or expulsion. Any employee who permits or engages in prohibited discrimination, harassment, intimidation, bullying, or retaliation shall be subject to disciplinary action, up to and including dismissal.
