

## How to Connect to Parent/Student Portal

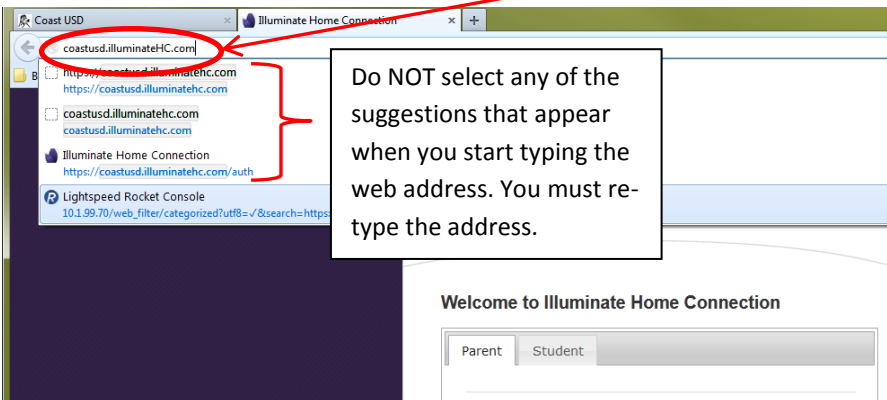

These instructions are for parents/students who have established portal accounts and were able to access the portal prior to May 28, 2013.

1. Go to [www.coastusd.org](http://www.coastusd.org) and click on the Illuminate link at the top of the page.

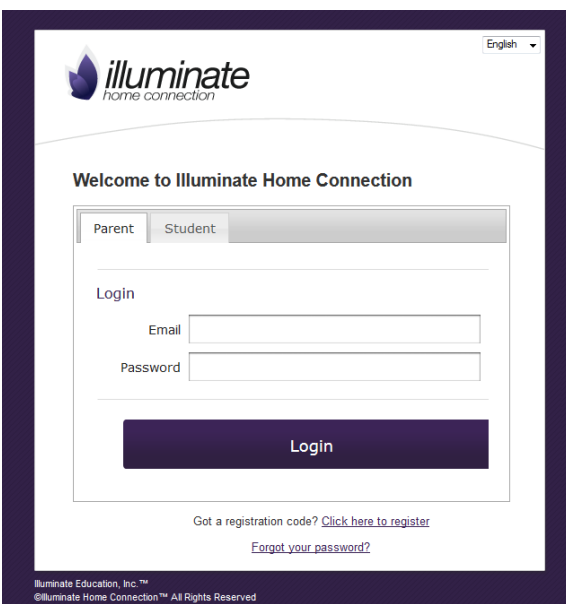

2. Type the following into the address bar: `coastusd.illuminateHC.com` and then Enter.

Do not let your computer auto-fill this. You must re-type it into the address bar.

3. You will be taken to the correct access page

Please remove any computer shortcuts you may have as they will still go to the old server. Once you have successfully accessed the portal you can create a new shortcut.
