

Pesticide Use

The District is providing the name of all pesticide products expected to be applied at school facilities this school year. That identification includes the name and active ingredients. Only fully-certified pesticides can be used on school grounds.

Those who wish to receive notification of pesticide applications at a particular school or facility, should provide six self addressed, stamped envelopes or an e-mail address to: IPM Coordinator, 1350 Main Street, Cambria, CA 93428.

Further information is available from the California Department of Pesticide Regulations, P.O. Box 4015, Sacramento, CA 95812-4015, www.cdpr.ca.gov [E.C. 17610.1(ne)].
