#### INDEPENDENT AUDITORS' REPORT

Board of Trustees Coast Unified School District Cambria, California

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Coast Unified School District (District) as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental-Auditing Standards*, issued by the Comptroller General of the United States and the 2020-2021 Guide for Annual Audits of California K-12 Local Educational Agencies and State Compliance Reporting, prescribed by Title 5, California Code of Regulations, Section 19810. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

# **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Coast Unified School District, as of June 30, 2021, and the respective changes in financial position where applicable thereof, for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Emphasis of Matter**

As discussed in Note 1 to the basic financial statements effective July 1, 2020, the Coast Unified School District adopted Governmental Accounting Standards Board (GASB) Statement No. 84, Fiduciary Activities. Our opinion is not modified with respect to this matter.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 12, the budgetary information on page 45, the schedule of proportionate share of net pension liability on pages 46 and 47, the schedule of pension contributions on pages 48 and 49, the schedule of proportionate share of net OPEB liability and related ratios on page 50, and the schedule of OPEB contributions on page 51, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the Coast Unified School District's basic financial statements. The supplementary information listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements of the Coast Unified School District. The schedule of expenditures of federal awards is presented for the purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200 *Uniform Administration Requirement for Federal Awards* (Uniform Guidance), and is also not a required part of the basic financial statements of the Coast Unified School District.

The supplementary information listed in the table of contents, including the Schedule of Expenditures of Federal Awards, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 7, 2022 on our consideration of the Coast Unified School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

# MANAGEMENT DISCUSSION AND ANALYSIS June 30, 2021

# Introduction

The Management Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in its Statements No. 34 (Basic Financial Statements – and Management's Discussion and Analysis – for the State and Local Governments) issued June 1999. Certain comparative information between the current and the prior year is required to be presented in the MD&A.

The following discussion and analysis provides an overview of the financial position and activities of the District for the fiscal year ending June 30, 2021. This discussion has been prepared by management and should be read in conjunction with the financial statements and notes which follow this section.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

# **Financial Highlights**

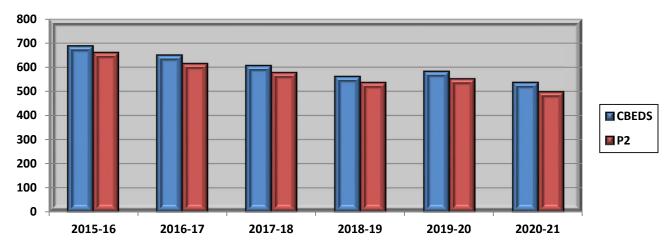

The financial statements presented herein include all of the activities of the Coast Unified School District (the District) and its component units using the integrated approach as prescribed by GASB Statement Number 34. The report consists of three parts – management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

This section provides an overview of the District financial activities.

- Expenditures in the general fund for 2020-21 were \$13,866,929. This compares to the total expenditures of \$12,834,863 in 2019-20, which is an increase of slightly over 8.04%. The increase of expenditures from 2020-21 over 2019-20 follows the increase in revenues that the District received primarily due to the receipt of COVID relief funds. The District's revenues in the General Fund for 2020-21 were \$14,876,495, which is higher than what was received in 2019-20 by about 10.68%, an increase of \$1,435,739.
- The district was able to meet the state-required minimum Reserve for Economic Uncertainties of 4% of General Fund expenditures.

# MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2021

➤ The District has been experiencing declining enrollment for the past several years with the exception of 2019-20, in which it had an increase of 21 students. The chart below shows the comparison of the District's P2 numbers to CBEDS/CalPads from 2015-16 through 2020-21:

The districts average daily attendance as compared to CBEDS/CalPads is between 94% and 96%, which is an excellent ratio. The lowest is our current year, 2020-21, with a 93% attendance rate and the highest is 2016-17 with a 96.36% attendance rate.

# **District-Wide Statements**

The *District-Wide Financial Statements* present the financial picture of the District from the economic resources measurement focus using the accrual basis of accounting, which is similar to those used by private-sector companies. They provide both short-term and long-term information about the District's overall financial status. They present governmental activities and business-type activities separately, although our District does not have any business-type activities. These statements include all assets of the District (including infrastructure), as well as all liabilities (including long-term debt). All of the current year's revenues and expenses are accounted for in the statement of activities, regardless of when cash is received or paid. Additionally, certain eliminations have occurred as prescribed by the statement in regards to inter-fund activity, payables, and receivables.

The district-wide statements report the District's net position and how it has changed. Net position, the difference between the District's assets and deferred outflows of resources and its liabilities and deferred inflows of resources, is one way to measure the District's financial health.

- ➤ Over time, increases or decreases in the District's net position is an indicator of whether its financial position is improving or deteriorating, respectively.
- > To assess the overall health of the District you need to consider additional non-financial factors, such as changes in the District's property tax base, and the condition of school buildings and other facilities.
- ➤ In the district-wide financial statements the District's activities would normally be divided into two categories:

# MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2021

- Sovernmental activities Most of the District's basic services are included here, such as regular and special education, transportation, and administration. Property taxes and state formula aid finance most of these activities.
- > Business-type activities— The District does not have any activities included here, as fees the District may charge to help cover the costs of certain services it provides do not constitute major reportable activities.

# **Fund Financial Statements**

More detailed information about the District's most significant funds are provided in the fund financial statements. Funds are accounting formats used to keep track of specific sources of funding and expenditures in particular programs. Some funds are required by bond covenants and by state law, other funds are established by the District to manage a variety of activities for particular purposes (such as repaying long-term debt). Funds may also address specific accounting requirements for certain revenue and expenditure classifications (such as federal grants).

The <u>Fund Financial Statements</u> include statements for each of the three categories of activities: governmental, proprietary, and fiduciary. They focus on individual parts of the District, reporting the district's operations in more detail than the district-wide statements (which reports on the District as a whole).

As stated above, the District has two types of funds:

Fovernmental funds — These statements are prepared using the current financial resources measurement focus and modified accrual basis of accounting. They tell how basic services, like regular and special education, were financed in the short term as well as what remains for future spending. Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash, and other financial assets that can readily be converted to cash, flow in and out and (2) the balances left at year-end that are available for expenditure in subsequent years. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, we provide additional information at the bottom of the governmental funds statements that explain the relationship (or differences) between them.

# MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2021

Proprietary funds — Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the district-wide statements using the economic resources measurement focus and the accrual basis of accounting. They offer short and long term financial information about the activity the District operates like a business. The District does not currently utilize proprietary funds.

The financial statements also include *notes* that explain some of the information of the statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the financial statements with a comparison of the District's budget for the year.

# FINANCIAL HIGHLIGHTS OF THE PAST YEAR

- The District's financial status is sound. Total net position was \$10,348,357 at June 30, 2021. This is an increase of approximately 14.90% over 2019-20.
- For the 2020-21 fiscal year General Fund revenues were \$14,876,495 and expenditures were \$13,866,929.
- ➤ Total enrollment decreased by 43 students from 2019-20 to 2020-21 or 7.64%. However, enrollment was expected to fall during 2020-21 due to COVID and distance learning. The District decreased in enrollment over 29% from 2013-14 to 2020-21, the first increase occurring in 2019-20. However, as the District is currently in Basic Aid status, we are not funded on our average daily attendance for the majority of our funding.
- There was not a significant change from the final budgeted revenues and expenditures to the final actual revenues and expenditures.
- The district settled with the certificated bargaining units for 2020-21 and 2021-22, coming to an agreement of a 2% increase for both years. The classified bargaining unit settled for zero in 2019-20, a restructured salary schedule for 2020-21, and a 2% increase for both 2021-22 and 2022-23. All increases are reflected on the salary schedule and were reflected in the Budget's adoption. Negotiations have been completed for the 2020-21 fiscal year.

# MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2021

# REPORTING THE DISTRICT AS A WHOLE

# **The Statement of Net Position**

The Statement of Net Position presents the assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the District as of the end of the fiscal year and is prepared using the accrual basis of accounting, which is similar to the accounting basis used by most private-sector organizations. The Statement of Net Position is a point of time financial statement whose purpose is to present to the readers a fiscal snapshot of the District. The Statement of Net Position presents end-of-year asset data (current and non-current), deferred outflows of resources, liabilities (current and non-current), deferred inflows of resources, and net position (assets plus deferred outflows of resources minus liabilities minus deferred inflows of resources).

From the data presented, readers of the Statement of Net Position are able to determine the assets available to continue the operations of the District. Readers are also able to determine the amount owed by the District to vendors and employees. Finally, the Statement of Net Position provides a picture of the net position and the availability of District assets for expenditure.

The difference between total assets and deferred outflows of resources and total liabilities (net assets) and deferred inflows of resources is one indicator of the current financial condition of the District; the change in net position is an indicator of whether the overall financial condition has improved or worsened during the year. Assets and liabilities are generally measured using current values. One notable exception is capital assets, which are stated at historical cost less an allocation for depreciation.

The Net Position is presented in three major categories. The first category is net investment in capital assets, it provides the equity amount in property, plant and equipment owned by the District. The second category is expendable restricted net position; this net position is available for expenditure by the District, but must be spent for purposes as determined by external entities and/or donors that have placed time or purpose restrictions on the use of these assets. The final category is unrestricted net position that is available to the District for any lawful purpose of the District.

# MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2021

The Statement of Net Position as of June 30, 2020 and 2021 is summarized below:

Assets		2020		2021
Cash	\$	8,933,392	\$	9,825,247
Revolving Cash and Cash in Banks	Ψ	11,000	Ψ	258,244
Accounts Receivable		312,315		509,489

# MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2021

# **Statement of Activities**

Changes in total net position, as presented on the Statement of Net Position, is based on the activity presented in the Statement of Activities. The purpose of this statement is to present the revenues earned and the expenses incurred, whether received, paid, or not. Thus, this Statement presents the District's results of operation.

The Statement of Activities for the year ended June 30, 2020 and 2021 are summarized below:

Revenues	2020	2021
Program Revenues:		
Charges for Services	\$ 71,813	\$ 110,583
Operating Grants and Contributions	1,504,942	2,597,345
General Revenues:		, ,
Taxes and Subventions	12,361,371	12,869,422
Federal and State Aid Not Restricted to Specific	;	
Purposes	1,049,837	527,110
Interest and Investment Earnings	83,745	51,952
Interagency Revenues	375	373,124
Miscellaneous	327,081	,
<b>Total Revenues</b>	15,399,164	16,529,536
Expenses		
Instruction	6,645,377	6,412,376
Instruction Related Services	879,825	1,040,034
Pupil Services	1,735,239	1,816,425
General Administration	1,526,793	1,305,144
Plant Services	1,885,548	1,405,005
Ancillary Services	55,253	27,753
Debt Service – Interest	475,780	459,076
Other Outgo	1,016,714	1,839,065
Depreciation (unallocated)	1,051,277	1,122,849
Total Expenses	15,271,806	15,427,727
Change in Net Position	127,358	1,101,809
Net Position, Beginning of Year, as originally stated	8,878,985	9,006,343
Prior Period Adjustment		240,205
Net Position, Beginning of Year, restated	8,878,985	9,246,548
Net Position, End of Fiscal Year	<u>\$ 9,006,343</u>	<u>\$ 10,348,357</u>

# MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2021

- The District's largest operating expenses are primarily for salaries and benefits. The District expended approximately 70% of its total General Fund budget in this area. Certificated and classified salaries are adjusted annually for step and column adjustments and corresponding savings due to attrition and retirements.
- ➤ Health and Welfare benefits (medical, vision, and dental) premiums are paid by the District and have remained unchanged from 2019-20 for certificated and classified personnel.

# REPORTING THE DISTRICT'S MOST SIGNIFICANT FUNDS

# **Fund Financial Statements**

These statements provide detailed information about the most significant funds - not the District as a whole. Some of the District's funds are required to be established by State law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money that it receives from the U.S. Dept. of Education.

Governmental funds - Most of the District's basic services are reported in governmental funds. These funds focus on how money flows in and out, and shows the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides.

Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The differences between the governmental fund financial statements and the government-wide financial statements are explained in reconciliations following each governmental fund financial statement. We have reported our two major governmental funds separately (the General Fund and the County School Facilities Fund), and all other funds combined (Non-major Funds) on the Governmental Funds Balance Sheet. Details of the other governmental funds can be found in the Combining Financial Statements that follow.

In the table on the following page, we have presented the cost of each of the District's seven largest functions. As discussed above, net cost shows the financial burden that was placed on the District's taxpayers by each of these functions. Providing this information allows our citizens to consider the cost of each function in comparison to the benefits they believe are provided by that function.

# MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2021

# **Net Cost of Governmental Activities**

	Total C	Cost of Services	Net C	ost of Services
Instruction	\$	6,412,376	\$	4,931,891
Instruction related activities (supervision,				
Library and media, and site administration	n)	1,040,034		990,143
Special Education		651,882		554,556
Food Services		405,872		144,162
Pupil Transportation		758,671		531,238
General Administration		1,305,144		1,204,460
Maintenance and Operations (plant services)		1,405,005		1,245,399
Other		3,448,743		3,117,950
Totals	\$	15,427,727	<u>\$</u>	12,719,799

**Proprietary funds** - When the District charges users for the services it provides, whether to outside customers or to other departments within the District, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the **Statement of Net Position** and the **Statement of Revenues, Expenses and Changes in Net Position**. The District does not have any proprietary funds.

# **General Fund Budget**

During the fiscal year, the Board of Education authorized revisions to the original budget to accommodate differences from the original budget to the actual expenditures of the District. Variations between the original and final budget amounts and the actuals are due to fluctuations of revenues throughout the year. As more information becomes available to the district, the budget is changed to reflect those fluctuations. The variations in expenditures are a combination of unknown and unbudgeted expenses, as well as the addition of staff or services not anticipated at the time of budget adoption.

# MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2021

#### CAPITAL ASSETS

# Capital Assets

At June 30, 2021, the District had \$25,331,372 in a broad range of capital assets, including land, buildings, and equipment. The table below shows the total, *net of accumulated depreciation*.

# Capital Assets at Fiscal Year-End

	Governmental <u>Activities</u>
Land	\$ 923,886
Work in progress	1,887,954
Buildings and improvements	42,708,341
Equipment	2,533,864
Accumulated Depreciation	(22,722,673)
Total	<u>\$ 25,331,372</u>

# ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

In considering the District's Budget for the 2021-22 fiscal year, the Board and management are facing challenges. Estimated tax increases are 3.5% for 2021-22, 3.5% for 2022-23, and 3% for 2023-24. We were able to take advantage of a decrease in STRS and PERS for 2020-21, however, they have increased at a faster pace for the current and subsequent years. Fiscal year 2020-21 was the first year that the District paid 100% of the Memorandum of Understanding with Cayucos Elementary School District and San Luis Coastal Unified School District. As we plan for future budget years, this is something that we will need to keep in mind; costs exceeded \$1,000,000 for the 2020-21 fiscal year and we anticipate they will continue to do so. The District must make every effort to eliminate deficit spending in order to maintain an ending fund balance and reserve levels that are reasonable for a district in Basic Aid status. The District received funding from the State as well as the Federal Government in 2020-21 in helping to mitigate costs directly related to COVID-19 and the transition to distance learning. This helped ease the burden of the general fund when addressing student needs. We have ongoing expenditures and have acknowledged the need to put aside funds for our aging bus fleet, technology, and building needs. However, as other needs arise, the District must look at our spending and prioritize expenditures.

# CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, students, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need any additional financial information, contact Annie Lachance, Chief Business Official, 1350 Main Street, Cambria, CA 93428, or email <u>alachance@coastusd.org</u>.

STATEMENT OF NET POSITION JUNE 30, 2021

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2021

Total net change in fund balances - governmental funds	\$ 244,177
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which additions to capital assets of \$1,496,934 is more than depreciation expense \$1,122,849 in the period.	374,085
In governmental funds, repayments of long-term debt are reported as expenditures.  In the government-wide statements, repayments of long-term debt are reported as reductions of liabilities. Payment of bond principal of \$1,120,000 and capital leases payable of \$60,311.	1,180,311
In governmental funds, interest on long-term debt is recognized in the period that it becomes due. In the government-wide statement of activities, it is recognized in the period that it is incurred. Unmatured interest owing at the end of the period, less matured interest paid during the period but owing from the prior period was:	(139,866)
In the statement of activities, compensated absences are measured by the amounts earned during the fiscal year. In governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially the amounts paid). This fiscal year, vacation earned was more than the amounts used by \$13,118.	(13,118)
In governmental funds, debt issue premiums are recognized as other financing sources in the period they are incurred. In government-wide statements, issue premiums are amortized over the life of the debt.	37,662
In government funds, debt issue discounts are recognized as other financing uses in the period they are incurred. In the government-wide statements, issue discounts are amortized over the life of the debt.	(1,631)
In governmental funds, loss on debt refunding is recognized as other financing uses in the period it is incurred. In government-wide statements, loss on refunding is amortized over the life of the debt.	(39,464)
In governmental funds, proceeds from debt are recognized as Other Financing Sources. In the government - wide statements, proceeds from debt are reported as increases to liabilities. Amounts recognized in governmental funds as proceeds from debt, net of issue premium or discount were:	(32,071)
In governmental funds, pension costs are recognized when employer contributions are made. In the statement of activities, pension costs are recognized on the accrual basis. This year, the difference between accrual-basis pension costs and actual employer contributions was:	(501,697)
In governmental funds, OPEB costs are recognized when employer contributions are made. In the statement of activities, OPEB costs are recognized on the accrual basis. This fiscal year, the difference between accrual-basis OPEB costs and actual employer contribution was:	(6,579)
Changes in net position - governmental activities	\$ 1,101,809

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### A. Accounting Policies

The District accounts for its financial transactions in accordance with policies and procedures of the Department of Education's *California School Accounting Manual*. The accounting policies of the District conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants.

# B. Reporting Entity

The reporting entity is the Coast Unified School District. There are no component units included in this report which meet the reporting entity definition criteria of GASB Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, GASB Statement No. 61, and GASB Statement No. 80.

#### C. Basis of Presentation

Government-wide Financial Statements:

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District.

The government-wide statements are prepared using the economic resources measurement focus. Government-wide statements differ from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for the governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. The District does not allocate indirect expenses to functions in the statement of activities. Program revenues include charges paid by the recipients of goods or services offered by a program, as well as grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District, with certain exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

#### Fund Financial Statements:

Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major governmental fund is presented in a separate column, and all nonmajor funds are aggregated into one column.

The accounting and financial treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The Statement of Revenues, Expenditures, and Changes in Fund Balances for these funds presents increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

#### D. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting.

Revenues – exchange and non-exchange transactions:

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded under the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Available" means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, "available" means collectible within the current period or within one year after fiscal year end.

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### D. <u>Basis of Accounting</u> (Continued)

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, and entitlements. Under the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and entitlements is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. Under the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

#### Unearned revenue:

Unearned revenue arises when assets are received before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are recorded as unearned revenue.

#### Pensions:

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the defined benefit pension plans (the Plans) of the California State Teachers' Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### Other Postemployment Benefits (OPEB):

For purposes of measuring the net OPEB liability and deferred outflows/inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District's plan (OPEB Plan) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

# Expenses/expenditures:

On the accrual basis of accounting, expenses are recognized at the time a liability is incurred. On the modified accrual basis of accounting, expenditures are generally recognized in the accounting period in which the related fund liability is incurred, as under the accrual basis of accounting. However, under the modified accrual basis of accounting, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

# E. Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The District's accounts are organized into major and nonmajor funds, as follows:

# Major Governmental Funds:

The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. One fund currently defined as a special revenue fund in the California State Accounting Manual (CSAM) did not meet the GASB Statement No. 54 special revenue fund definition. The Special Reserve Fund is not substantially composed of restricted or committed revenue sources. While this fund is authorized by statute and will remain open for internal reporting purposes, this fund functions effectively as an extension of the General Fund, and accordingly has been combined with the General Fund for presentation in these audited financial statements.

The Bond Interest and Redemption Fund is used to account for the accumulation of resources for, and the repayment of the District's bonds, interest, and related costs.

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

# E. Fund Accounting (Continued)

Nonmajor Governmental Funds:

**Special Revenue Funds** are established to account for the proceeds from specific revenue sources (other than trusts, major capital projects, or debt service) that are restricted or committed to the financing of particular activities and that compose a substantial portion of the inflows of the fund. Additional resources that are restricted, committed, or assigned to the purpose of the fund may also be reported in the fund. The District maintains two nonmajor special revenue funds:

- The Cafeteria Fund is used to account for revenues received and expenditures made to operate the District's cafeterias.
- The Associated Student Body Fund is used to account for the raising and expending of money to promote the general welfare, morale, and educational experience for the student body.

**Capital Projects Funds** are set up by the District to account for special revenues that are to be used to build new facilities. The District maintains two nonmajor capital projects funds:

- 1. The Capital Facilities Fund is used to account for resources received from developer impact fees assessed under the provision of the California Environmental Quality Act (CEQA).
- 2. The Special Reserve Fund is used to account for the construction and other special capital projects financed with funds transferred from the General Fund.

#### F. Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. By state law, the District's governing board must adopt a final budget no later than July 1. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements.

These budgets are revised by the District's governing board and District Superintendent during the fiscal year to give consideration to unanticipated income and expenditures.

Formal budgetary integration was employed as a management control device during the fiscal year for all budgeted funds. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

# G. Encumbrances

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated at June 30.

#### H. <u>Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity</u>

## 1. Deposits and Investments

Cash balances held in banks and in revolving funds are insured up to \$250,000 by the Federal Depository Insurance Corporation. All cash held by the financial institutions is fully insured or collateralized.

In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the San Luis Obispo County Treasury. The County pools these funds with those of other districts in the County and invests the cash. These pooled funds are carried at fair value. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

The County is authorized to deposit cash and invest excess funds by California Government Code Section 53648 et. seq.. The funds maintained by the County are either secured by federal depository insurance or are collateralized.

Information regarding the amount of dollars invested in derivatives with the San Luis Obispo County Treasury was not available.

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### H. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity (Continued)

#### 2. Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as interfund receivables/payables.

#### 3. Prepaid Items

The District has the option of reporting expenditures in governmental funds for prepaid items either when purchased or during the benefiting period. The District has chosen to report the expenditure during the period purchased.

#### 4. Capital Assets

Capital assets are those purchased or acquired with an original cost of \$5,000 or more and are reported at historical cost or estimated historical cost. Contributed capital assets are reported at fair value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. The costs of normal maintenance and repairs that do not add to the value of the capital assets or materially extend the capital assets' lives are not capitalized, but are expensed as incurred. Depreciation on all capital assets is computed using the straight-line basis over the following estimated useful lives.

Asset Class	Examples	Estimated Useful Life in Years
Land		N/A
Site improvements	Paving, flagpoles, retaining walls, sidewalks, fencing, outdoor lighting	20
School buildings		50
Portable classrooms		25
HVAC systems	Heating, ventilation, and air conditioning systems	20
Roofing		20
Interior construction		25
Carpet replacement		7

Contractors equipment	Major off-road vehicles, front-end loaders, large tractors, mobile air compressor	10
Grounds equipment	Mowers, tractors, attachments	15

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

# H. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity (Continued)

# 5. <u>Unearned Revenue</u>

Cash received for federal and state special projects and programs is recognized as revenue to the extent that qualified expenditures have been incurred. Unearned revenue is recorded to the extent that cash received on specific projects and programs exceed qualified expenditures.

#### 6. Compensated Absences

All vacation pay plus related payroll taxes are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Accumulated employee sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expense in the period taken since such benefits do not vest nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires.

# 7. <u>Deferred Outflows and Inflows of Resources</u>

Pursuant to GASB Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position," and GASB Statement No. 65, "Items Previously Reported as Assets and Liabilities," the District recognizes deferred outflows and inflows of resources.

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. A deferred outflow of resources is defined as a consumption of net position by the government that is applicable to a future reporting period. The District has three items which qualify for reporting in this category; refer to Note 7, Note 9, and Note 10 for a detailed listing of the deferred outflows of resources the District has recognized.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. A deferred inflow of resources is defined as an acquisition of net position by the District that is applicable to a future reporting period. The District has one item which qualifies for reporting in this category; refer to Note 9 for a detailed list of deferred inflows of revenues the District has recognized.

#### 8. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position.

# 9. <u>Amortization of Bond Refunding, Bond Discounts, and Bond Premiums</u>

The loss on refunding, bond discounts, and bond premium are being amortized on the straight line method over the life of the bonds on the government-wide statements.

#### 10. Fund Balances

Fund balances of the governmental funds are classified as follows:

Nonspendable Fund Balance – represents amounts that cannot be spent because they are either not in spendable form (such as inventory or prepaid insurance) or legally required to remain intact (such as notes receivable or principal of a permanent fund).

Restricted Fund Balance – represents amounts that are constrained by external parties, constitutional provisions or enabling legislation.

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

# H. <u>Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity (Continued)</u>

# 10. Fund Balances (Continued)

Committed Fund Balance – represents amounts that can only be used for a specific purpose because of a formal action by the District's governing board. Committed amounts cannot be used for any other purpose unless the governing board removes those constraints by taking the same type of formal action. Committed fund balance amounts may be used for other purposes with appropriate due process by the governing board. Commitments are typically done through adoption and amendment of the budget. Committed fund balance amounts differ from restricted balances in that the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

Assigned Fund Balance – represents amounts which the District intends to use for a specific purpose, but that do not meet the criteria to be classified as restricted or committed. Intent may be stipulated by the governing board or by an official or body to which the governing board delegates the authority. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service, or permanent fund are assigned for purposes in accordance with the nature of their fund type or the fund's primary purpose. Assignments within the general fund convey that the intended use of those amounts is for a specific purpose that is narrower than the general purpose of the District.

Unassigned Fund Balance – represents amounts which are unconstrained in that they may be spent for any purpose. Only the general fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification because of overspending for specific purposes for which amounts had been restricted, committed or assigned.

When an expenditure is incurred for a purpose for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

# 11. <u>Minimum Fund Balance Policy</u>

The District is committed to maintaining a prudent level of financial resources to protect against the need to reduce service levels because of temporary revenue shortfalls or unpredicted expenditures. The District's Minimum Fund Balance Policy requires a Reserve for Economic Uncertainties, consisting of unassigned amounts, equal to no less than 4 percent of General Fund expenditures and other financing uses.

# 12. Property Taxes

The County is responsible for assessing, collecting, and apportioning property taxes. Taxes are levied for each fiscal year on taxable real and personal property in the county. The levy is based on the assessed values of the preceding January 1, which is also the lien date. Property taxes on the secured roll are due on November 1 and February 1, and taxes become delinquent after December 10 and April 10, respectively. Property taxes on the unsecured roll are due on the lien date (January 1), and become delinquent if unpaid by August 31.

Secured property taxes are recorded as revenue when apportioned, in the fiscal year of the levy. The County apportions secured property tax revenue in accordance with the alternate method of distribution prescribed by Section 4705 of the California *Revenue and Taxation Code*. This alternate method provides for crediting each applicable fund with its total secured taxes upon completion of the secured tax roll – approximately October 1 of each year.

The County Auditor reports the amount of the District's allocated property tax revenue to the California Department of Education. Property taxes are recorded as local LCFF sources by the District.

# I. <u>Estimates</u>

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, as prescribed by the GASB and the American Institute of Certified Public Accountants, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### J. New Accounting Pronouncements

Governmental Accounting Standards Board Statement No. 84

For the fiscal year ended June 30, 2021, the District implemented Governmental Accounting Standards Board (GASB) Statement 84, "Fiduciary Activities". This Statement is effective for periods beginning after December 15, 2019. The objective of this Statement is to enhance the consistency and comparability of fiduciary activity reporting by state and local government. Implementation of the GASB Statement No. 84 did have an impact on the Districts financial statements for the fiscal year ended June 30, 2021, see Note 17 - Restatement.

#### K. Future Accounting Pronouncements

GASB Statements listed below will be implemented in future financial statements:

Statement No. 87	"Leases"	The provisions of this statement are effective for fiscal years beginning after June 15, 2021.
Statement No. 89	"Accounting for Interest Cost Incurred before the End of a Construction Period"	The provisions of this statement are effective for fiscal years beginning after December 15, 2020.
Statement No. 91	"Conduit Debt Obligations"	The provisions of this statement are effective for fiscal years beginning after December 15, 2021.
Statement No. 92	"Omnibus 2020"	The provisions of this statement are effective for fiscal years beginning after June 15, 2021.
Statement No. 93	"Replacement of Interbank Offered Rates"	The provisions of this statement except for paragraphs 11b, 13, and 14 are effective for fiscal years beginning after June 15, 2020. Paragraph 11b is effective for fiscal years beginning after December 31, 2021. Paragraphs 13 and 14 are effective for fiscal years beginning after June 15, 2021.
Statement No. 94	"Public-Private and Public-Public Partnerships and Availability Payment Arrangements"	The provisions of this statement are effective for fiscal years beginning after June 15, 2022.
Statement No. 96	"Subscription-Based Information Technology Arrangements"	The provisions of this statement are effective for fiscal years beginning after June 15, 2022.
Statement No. 97	"Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans - an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32"	The provisions of this statement except for paragraphs 6-9 are effective for fiscal years beginning after December 15, 2019. Paragraph 6-9 is effective for fiscal years beginning after June 15, 2021.

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

#### **NOTE 2 - CASH AND INVESTMENTS**

The District's cash and investments at June 30, 2021, consisted of the following:

Cash in banks \$ 258,244
Cash and investments with the County Treasurer 9,825,247

Total cash and investments \$ 10,083,491

Cash and investments are presented on the accompanying basic financial statements, as follows:

Cash in county treasury, statement of net position Cash in revolving fund, statement of net position Cash in banks, statement of net position	\$ 9,825,247 10,000 248,244
Total cash and investments	<b>\$ 10,083,491</b>

The District categorizes its fair value measurements within the fair value hierarchy established by U.S. Generally Accepted Accounting Principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. These principles recognize a three-tiered fair value hierarchy. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District had investments in the San Luis Obispo County Investment Pool and this external pool is measured under Level 2.

#### Cash in County Treasury

In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the San Luis Obispo County Treasury as part of the common investment pool (\$9,825,247 as of June 30, 2021). The fair value of this pool as of that date, as provided by the plan sponsor, was \$9,825,247. The District is considered to be an involuntary participant in the external pool. Interest is deposited in the participating funds. The County is restricted by Government Code Section 53635, pursuant to Section 53601, to invest in time deposits, U.S. government securities, State registered warrants, notes or bonds, State Treasurer's investment pool, bankers' acceptances, commercial paper, negotiable certificates of deposit, and repurchase or reverse repurchase agreements.

#### Cash on Hand, in Banks, and in Revolving Fund

Cash balance on hand and in banks (\$248,244) as of June 30, 2021 and in the revolving fund (\$10,000 as of June 30, 2021) are insured up to \$250,000 by the Federal Depository Insurance Corporation. All cash held by the financial institution is fully insured or collateralized.

#### Investments Authorized by the District's Investment Policy

The District's investment policy only authorizes investment in the local government investment pool administered by the County of San Luis Obispo. The District's investment policy does not contain any specific provisions intended to limit the District's exposure to interest rate risk, credit risk, and concentration of credit risk.

# Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the District manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the table on the following page that shows the distribution of the District's investments by maturity:

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

# NOTE 2 - CASH AND INVESTMENTS (Continued)

## Disclosures Relating to Interest Rate Risk (Continued)

			Remaining Maturity (in Months)						
Investment Type	Carrying <u>Amount</u>	12 Months Or Less	13-24 Months	25-60 Months	More than 60 Months				
San Luis Obispo County Investment Pool	\$ 9,825,247	\$ 9,825,247	\$ <u>-</u>	\$ -	\$ <u>-</u>				
Total	\$ 9,825,247	\$ 9,825,247	\$	\$	\$				

#### Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by the California Government Code and the District's investment policy, and the actual rating as of fiscal year end for each investment type.

	Carrying	Minimum Legal	Exempt From	Rating	as of Fiscal Yea	r End
Investment Type	Amount	Rating	<u>Disclosure</u>	AAA	Aa	Not Rated
San Luis Obispo County Investment Pool	\$9,825,247	N/A	<u>\$</u>	\$	\$	\$9,825,247
Total	\$9,825,247		\$	\$	\$	\$9,825,247

#### Concentration of Credit Risk

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There are no investments in any one issuer that represent 5% or more of total District investments.

#### **Custodial Credit Risk**

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The fair value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure the District's deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

None of the District's deposits with financial institutions in excess of federal depository insurance limits were held in uncollateralized accounts.

The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools (such as San Luis Obispo County Investment Pool).

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

# NOTE 3 - EXCESS OF EXPENDITURES OVER APPROPRIATIONS

Excess of expenditures over appropriations in individual funds is as follows:

Major Fund	Excess Expenditures				
wajor i unu		<del>penditures</del>			
Bond Interest and Redemption Fund:					
Debt Service	\$	1,335,750			
Nonmajor Fund					
Associated Student Body Fund:					
Books and Supplies	\$	92,607			

# **NOTE 4 - RECEIVABLES**

Receivables at June 30, 2021, consist of the following:

	General Fund

SLOCOE		79,607					
Miscellaneous		26,972					
Total local sources	•	106,978					
Total receivables	\$	469,168	\$		\$	40,321	

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

#### **NOTE 5 - INTERFUND TRANSACTIONS**

Interfund transactions are reported as either loans, services provided, reimbursements, or transfers. Loans are reported as interfund receivables and payables, as appropriate, and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers among governmental funds or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

# Due From/Due to Other Funds

Individual fund interfund receivable and payable balances at June 30, 2021, are as follows:

		Interfund Receivables		
Major Fund:	-	***************************************		
General Fund	\$	3,402	\$	_
Nonmajor Fund:				
Capital Facilities Fund				3,402
Totals	_\$	3,402	\$	3,402

#### Interfund Transfers

Interfund transfers consist of operating transfers from funds receiving revenue to funds through which the resources are to be expended.

Interfund transfers for the 2020-2021 fiscal year are as follows:

	Tr	ansfers In	Tra	insfers Out
Major Fund:				
General Fund	\$	-	\$	195,713
Nonmajor Governmental Funds:				
Cafeteria Fund		153,052		
Special Revenue Fund		42,661		
				-
Totals	\$	195,713	\$	195,713

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

#### **NOTE 6 - CAPITAL ASSETS AND DEPRECIATION**

Capital assets activity for the fiscal year ended June 30, 2021, is shown below:

	Balance July 1, 2020		Additions		Deductions		Balance June 30, 2021	
Capital assets, not being depreciated:								
Land	\$	923,886	\$	-	\$	-	\$	923,886
Work in progress	-	1,050,699		908,755		71,500		1,887,954
Total capital assets, not being depreciated	\$_	1,974,585	\$	908,755	\$	71,500	\$	2,811,840
Capital assets, being depreciated								
Buildings and improvements	\$	42,381,286	\$	327,055	\$	-	\$	42,708,341
Equipment		2,201,240		332,624				2,533,864
Total capital assets, being depreciated		44,582,526		659,679				45,242,205
Less accumulated depreciation		21,599,824		1,122,849				22,722,673
Total capital assets, being depreciated, net	\$	22,982,702	\$	(463,170)	\$	_	\$	22,519,532
Net capital assets	\$	24,957,287	\$	445,585	\$	71,500	\$	25,331,372

Depreciation expense was charged to governmental activities as follows:

Governmental Activities:

Unallocated \$ 1,122,849

Total depreciation expense \$ 1,122,849

# NOTE 7 - DEFERRED OUTFLOWS OF RESOURCES - REFUNDING OF DEBT

At June 30, 2021, deferred outflows of resources, reported in the statement of net position, relating to the defeasance of the 2002 general obligations bonds, consisted of the following:

Deferred charge on refunding

Governmental
Activities

\$ 75,644

# **NOTE 8 - BONDED DEBT**

The outstanding general obligation bonded debt of the Coast Unified School District at June 30, 2021, is:

Date			Amount of			Issued	F	Redeemed		
of	Interest	Maturity	Original	0	utstanding	Current		Current	0	utstanding

#### **NOTE 9 - PENSION PLANS**

State Teachers' Retirement System (CalSTRS)

#### A. General Information about the Pension Plan

Plan Descriptions – All qualified California full-time and part-time public school teachers from pre-kindergarten through community college and certain other employees of the public school system are eligible to participate in the CalSTRS Pension Plans, multiple-employer, cost-sharing defined benefit plans administered by the California State Teacher's Retirement System (CalSTRS). Benefit provisions under the Plans are established by the Teachers' Retirement Law (California Education Code Section 22000 et seq), as enacted and amended by the California Legislature. The benefit terms of the plans may be amended through legislation CalSTRS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalSTRS website.

Benefits Provided - The CALSTRS Defined Benefit Program has two benefit formulas:

CalSTRS 2% at 60: Members first hired on or before December 31, 2012, to perform services that could be creditable to CalSTRS

CalSTRS 2% at 62: Members first hired on or after January 1, 2013, to perform services that could be creditable to CalSTRS

The Defined Benefit Program provides retirement benefits based on members' final compensation, age and years of service credit.

In addition, the retirement program provides benefits to members upon disability and to survivors/beneficiaries upon death of eligible members.

After earning five years of credited service, members become 100 percent vested in retirement benefits.

After five years of credited service, a member (prior to age 60 if under Coverage A, no age limit if under Coverage B, as defined in Education Code Sections 24001 and 24101, respectively) is eligible for disability benefits of up to 50.0 percent of final compensation plus 10.0 percent of final compensation for each eligible child, up to a maximum addition of 40.0 percent. The member must have a disability that will exceed a period of 12 or more months to qualify for benefits.

Any compensation for service in excess of one year in a school year due to overtime or working additional assignments is credited to the Defined Benefit Supplement Program so long as it is under the creditable compensation limit. Other compensation, such as allowances, bonuses, cash in-lieu of fringe benefits, limited - period compensation or compensation determined to have been paid to enhance a benefit, are not creditable to any CalSTRS benefit program.

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

#### NOTE 9 - PENSION PLANS (Continued)

State Teachers' Retirement System (CalSTRS) (Continued)

#### A. General Information about the Pension Plan (Continued)

The Plans' provisions and benefits in effect at June 30, 2021 are summarized as follows:

Hire Date	Prior to January 1, 2013	On or after January 1, 2013
Benefit formula	2.0% @ 60	2.0% @ 62
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Retirement age	50-63	55-65
Monthly benefits, as a % of eligible compensation	2.0% to 2.4%	2.00%
Required employee contributions rates	10.250%	10.205%
Required employer contribution rates	16.15%	16.15%
Required state contributions rates	10.328%	10.328%

Specific details for the retirement, disability or death benefit calculations for each of the pension plans are available in the CalSTRS Comprehensive Annual Financial Report (CAFR). The CalSTRS' CAFR is available online at <a href="http://www.calstrs.com/comprehensive-annual-financial-report">http://www.calstrs.com/comprehensive-annual-financial-report</a>.

**Contributions** – Required member, employer and state contribution rates are set by the California Legislature and Governor and are detailed in the Teachers' Retirement Law. Contribution rates are expressed as a level percentage of payroll using the entry age normal actuarial cost method.

**On-Behalf Payments** – The District was the recipient of on-behalf payments made by the State of California to CalSTRS for K-12 education. These payments consist of state general fund contributions to CalSTRS.

For the fiscal year ended June 30, 2021, the contributions recognized as part of pension expense were as follows:

Contribution - employer	\$ 719,635
Contribution - state	\$ 445 355

# B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions

At June 30, 2021, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$ 7,634,037
State's proportionate share of the net pension liability associated with the District	5,160,521
Total	\$ 12,794,558

The District's net pension liability is measured as the proportionate share of the net pension liability. The net pension liability is measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019 rolled forward to June 30, 2020 using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2020, the District's proportion was 0.0079%, which increased by .0003% from its proportion measured as of June 30, 2019.

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

#### **NOTE 9 - PENSION PLANS (Continued)**

State Teachers' Retirement System (CalSTRS) (Continued)

### B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

For the year ended June 30, 2021, the District recognized pension expense of \$1,053,530. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Difference between expected and actual experience	\$	13,470	\$	215,153
Changes of assumptions		744,275		
Net difference between projected and actual earning on pension plan investments		181,291		
Changes in proportion and differences between District contributions and proportionate share of contributions		455,336		680,898
District contributions subsequent to the measurement date		688,522		
Total	\$	2,082,894	\$	896,051

\$688,522 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Fiscal Year			
Ended June 30	 Amount		
2022	\$ 33,950		
2023	\$ 219,306		
2024	\$ 264,355		
2025	\$ 17,117		
2026	\$ (71,556)		
2027	\$ 35,149		

Actuarial Assumptions – The total pension liabilities in the June 30, 2020 actuarial valuations were determined using the following actuarial assumptions:

Valuation Date	June 30, 2019
Measurement Date	June 30, 2020
Actuarial Cost Method	Entry age normal
Discount Rate	7.15%
Consumer Price Inflation	2.50%
Wage Growth	Varies
Post-retirement Benefit Increases	Up to 2.00% until purchasing power protection
	Allowance flows purchasing power applies,
	2.50% thereafter

CalSTRS uses custom mortality tables to best fit the patterns of mortality among its members. On January 31, 2020, the CalSTRS' retirement board changed the mortality assumptions based on the July 1, 2015 through June 30, 2018 Experience Analysis. The projection scale was set to 110% of the ultimate improvement factor from the Mortality Improvement Scale (MP-2019) table, issued by the Society of Actuaries. For further details, see CalSTRS July 1, 2015 through June 30, 2018 Experience Analysis on the CalSTRS website.

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

#### **NOTE 9 - PENSION PLANS (Continued)**

State Teachers' Retirement System (CaISTRS) (Continued)

#### B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best-estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant (Pension Consulting Alliance - PCA) as an input to the process. Based on the model from CalSTRS consulting actuary's (Milliman) investment practice, a best estimate range was determined by assuming the portfolio is re-balanced annually and that annual returns are normally distributed and independent from year to year to develop expected percentiles for the long-term distribution of annualized returns. The assumed asset allocation by PCA is based on board policy for target asset allocation in effect on January 31, 2013, the date the current experience study was approved by the board. Best estimates of 10-year geometric real rates of return and the assumed asset allocation for each major asset class used as input to develop the actuarial investment rate of return are summarized in the following table:

Asset Class	Assumed Asset Allocation	Long-Term* Expected Real Rate of Return		
Global Equity	42 %	4.80 %		
Private Equity	13 %	6.30 %		
Real Estate	15 %	3.60 %		
Inflation Sensitive	6 %	3.30 %		
Fixed Income	12 %	1.30 %		
Cash/Liquidity	2 %	(0.40) %		
Absolute Return	10 %	1.80 %		
	100 %			

<sup>\*10</sup> year geometric average

**Discount Rate** – The discount rate used to measure the total pension liability was 7.10 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates in accordance with the rate increases per AB 1469. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments, and administrative expense occur mid year. Based on those assumptions, the CalSTRS fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the District's proportionate share of the net pension liability, calculated using the discount rate, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

1% Decrease Net Pension Liability	6.10% \$ 11,533,967	
Current Discount Rate Net Pension Liability	7.10% \$ 7,634,037	
1% Increase Net Pension Liability	8.10% \$ 4,414,096	

**Pension Plan Fiduciary Net Position** – Detailed information about pension plan's fiduciary net position is available in the separately issued CalSTRS financial reports.

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

#### **NOTE 9 - PENSION PLANS (Continued)**

State Teachers' Retirement System (CalSTRS) (Continued)

#### C. Payable to the Pension Plan

At June 30, 2021, the District had no amount outstanding for contributions to the pension plan required for the fiscal year ended June 30, 2021.

#### California Public Employees' Retirement System (CalPERS)

#### A. General Information About the Pension Plan

Plan Description - The Coast Unified School District contributes to the School Employer Pool under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. Plan membership consists of non-teaching and non-certificated employees of public schools (K-12), community college districts, offices of education, charter and private schools (elective) in the State of California. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Law. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS' annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, California 95814.

#### Benefits Provided - The CalPERS Defined Benefit Program has two benefit formulas:

CalPERS 2% at 55: Members first hired on or before December 31, 2012, to perform services that could be creditable to CalPERS

CalPERS 2% at 62: Members first hired on or after January 1, 2013, to perform services that could be creditable to CalPERS

The Defined Benefit Program provides retirement benefits based on members' final compensation, age, and years of service credit. In addition, the retirement program provides benefits to members upon disability and to survivors/beneficiaries upon the death of eligible members.

After earning five years of credited service, members become 100 percent vested in retirement benefits. A family benefit is available if an active member dies and has at least one year of credited service.

Members' accumulated contributions are refundable with interest upon separation from CalPERS. The board determines the credited interest rate each fiscal year. For the year ended June 30, 2021, the rate of interest credited to members' accounts was 6 percent.

The member's benefit is reduced dollar for dollar, regardless of age, for the first 180 days after retirement if the member performs activities in the public schools that could be creditable to CalPERS, unless the governing body of the school district takes specified actions with respect to a member who is above normal retirement age.

The Plans' provisions and benefits in effect at June 30, 2021, are summarized as follows:

Hire Date	Prior to  January 1, 2013	On or after January 1, 2013	
Benefit formula	2.0% @ 55	2.0% @ 62	
Benefit vesting schedule	5 years service	5 years service	
Benefit payments	monthly for life	monthly for life	
Retirement age	50-63	52-67	
Monthly benefits, as a % of eligible compensation	1.17% to 2.5%	1.00% to 2.5%	
Required employee contribution rates	7%	7%	
Required employer contribution rates	20.700%	20.700%	

Specific details for retirement, disability or death benefit calculations for each of the pension plans are available in the CalPERS' Comprehensive Annual Financial Report (CAFR). The CalPERS' CAFR is available online at <a href="https://www.calpers.ca.gov/page/forms-publications">https://www.calpers.ca.gov/page/forms-publications</a>.

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

#### **NOTE 9 - PENSION PLANS (Continued)**

California Public Employees' Retirement System (CalPERS) (Continued)

### A. General Information About the Pension Plan (Continued)

Contributions – Section 20814 (c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employees be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The Local Government is required to contribute the difference between the actuarially determined rate of employees.

For the year ended June 30, 2021, the contributions recognized as part of pension expense was as follows:

Contribution - employer

\$ 456.501

### B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2021, the District's reported net pension liability for its proportionate share of the net pension liability was \$4,929,477.

The District's net pension liability is measured as the proportionate share of the net pension liability. The net pension liability is measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019 rolled forward to June 30, 2020 using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2020, the District's proportion was .0161%, which decreased by .0015% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the District recognized pension expense of \$757,024. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		Deferred Outflows of Resources		Deferred Inflows of Resources	
Difference between expected and actual experience	\$	244,486	\$	-	
Changes of assumptions		18,076			
Net difference between projected and actual earning on pension plan investments		102,616			
Changes in proportion and differences between District contributions and proportionate share of contributions		9,940		325,191	
District contributions subsequent to the measurement date		497,293			
Total	\$	872,411	\$	325,191	

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

#### NOTE 9 - PENSION PLANS (Continued)

California Public Employees' Retirement System (CalPERS) (Continued)

# B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

\$497,293 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Fiscal Year			
Ended June 30	Amount		
2022	\$	9,185	
2023	\$	14,333	
2024	\$	(12,983)	
2025	\$	39 392	

**Actuarial Assumptions** – The total pension liabilities in the June 30, 2020 actuarial valuations were determined using the following actuarial assumptions:

Valuation Date	June 30, 2019
Measurement Date	June 30, 2020
Actuarial Cost Method	Entry age normal
Discount Rate	7.15%
Consumer Price Inflation	2.50%
Wage Growth	Varies
Post-retirement Benefit Increases	Up to 2.00% until purchasing power protection
	Allowance flows purchasing power applies,
	2.50% thereafter

#### Discount Rate

The discount rate used to measure the total pension liability was 7.15 percent. To determine whether the municipal bond rate should be used in the calculation of the discount rate for public agency plans (including PERF B), CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing the plans, the tests revealed the assets would not run out. Therefore, the current 7.15 percent discount rate is appropriate and the use of municipal bond rate calculation is not deemed necessary. The long-term expected discount rate of 7.15 percent is applied to all plans in the Public Employees Retirement Fund, including PERF B. The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained at CalPERS' website under the GASB No. 68 section.

CalPERS is scheduled to review all actuarial assumptions as part of its regular Asset Liability Management (ALM) review cycle that is scheduled to be completed February 2022. Any changes to the discount rate will require Board action and proper stockholder outreach. For these reasons, CalPERS expects to continue using a discount rate net of administrative expenses for GASB No. 67 and No. 68 calculations through at least the 2021-22 fiscal years. CalPERS will continue to check the materiality of the difference in calculation until such time as we have changed our methodology.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimated ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns.

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

#### **NOTE 9 - PENSION PLANS (Continued)**

California Public Employees' Retirement System (CalPERS) (Continued)

# B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates are net of administrative expenses.

Asset Class	New Strategic Allocation	Expected Real Rate of Return Years 1 - 10 (a)	Expected Real Rate of Return Years 11+(b)
Global Equity	50.0%	4.80%	5.98%
Global Fixed Income	28.0%	1.00%	2.62%
Inflation Sensitive	0.0%	0.77%	1.81%
Private Equity	8.0%	6.30%	7.23%
Real Estate	13.0%	3.75%	4.93%
Liquidity	1.0%	0.00%	-0.92%
Total	100.0%		

<sup>(</sup>a) An expected inflation of 2.00% was used for this period

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the District's proportionate share of the net pension liability, calculated using the discount rate, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

**Pension Plan Fiduciary Net Position** — Detailed information about pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

#### C. Payable to the Pension Plan

At June 30, 2021, the District had no amount outstanding for contributions to the pension plan required for the fiscal year ended June 30, 2021.

# NOTE 10 - POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

#### Plan Description

CalSTRS administers a cost sharing multiple-employer other postemployment benefit plan (OPEB), the Medicare Premiums Payment Program (MPP) for all eligible members of the State Teachers' Retirement plan that were retired or began receiving a disability allowance prior to July 1, 2012 and were not eligible for premium free Medicare Part A. CalSTRS administers the MPP Program through the Teachers' Health Benefits Fund. CalSTRS issues a publicly available financial report that can be obtained at <a href="https://www.calstrs.com/comprehensive-annual-financial-report">https://www.calstrs.com/comprehensive-annual-financial-report</a>.

<sup>(</sup>b) An expected inflation of 2.92% was used for this period

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

# NOTE 10 - POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

#### Benefits Provided

The Medicare Premiums Payment Program (MPP) provides all employees' Medicare Part A premiums and Medicare Part A and B late enrollment surcharges for eligible members of the State Teachers' Retirement plan that were retired or began receiving a disability allowance prior to July 1, 2012 and were not eligible for premium free Medicare Part A.

#### Contributions

Since the plan is only for employees retired or receiving a disability allowance prior to July 1, 2012, the plan is funded on a pay-as-you go basis. The premium rates for Medicare A for employees without 30-39 quarters of Medicare employment was \$458 on December 1, 2020 and \$471 from January 1, 2021 to June 30, 2022. The premium rates for Medicare A for employees with 30-39 quarters of Medicare employment was \$252 from January 1, 2020 to December 31, 2020, and \$259 from January 1, 2021 to December 31, 2021. Contributions to the OPEB plan from the District were \$2,952 for the year ended June 30, 2020. Employees are not required to contribute to the OPEB plan.

# OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2021, the District reported a liability of \$45,188 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2018 rolled forward to June 30, 2020 using standard update procedures. The District's proportion of the net OPEB liability was based on a projection of the District's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating school. At June 30, 2020, the District's proportion was .016607%.

For the fiscal year ended June 30, 2021, the District recognized OPEB expense of \$6,579. As of fiscal year ended June 30, 2021, the District reported deferred outflows of resources related to OPEB from the following sources:

	De	eferred		
	Outflows of		Deferred	d Inflows
		sources	of Res	ources
OPEB contributions subsequent to measurement date	\$	3,066	\$	_
	\$	3,066	\$	_

The \$3,066 reported as deferred outflows of resources related to contributions subsequent to the June 30, 2021 measurement date will be recognized as a reduction of the net OPEB liability during the fiscal year ending June 30, 2022.

#### **Actuarial Assumptions**

The District's net OPEB liability was measured as of June 30, 2020 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation dated June 30, 2019 that was rolled forward to determine the June 30, 2020 total OPEB liability, based on the following actuarial methods and assumptions:

Discount Rate	2.21%						
Investment Rate of Return	2.21%						
Mortality Rate	Custom mortality tables based on RP2000						
	Series tables issued by the Society of Actuaries						
Medicare Part A Premium Costs Trend Rate	4.50%						
Medicare Part B Premium Costs Trend Rate	5.50%						

Mortality rates were based on the RP2000 Series tables issued by the Society of Actuaries, adjusted to fit CALSTRS specific experience through June 30, 2015. For the valuation of June 30, 2017, CalSTRS changed the mortality assumptions based on the July 1, 2010, through June 30, 2015, experience study adopted by the board in February 2017. CalSTRS now uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among our members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2016), issued by the Society of Actuaries.

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

#### NOTE 10 - POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

#### Discount Rate

The discount rate used to measure the total OPEB liability was 2.21 percent. The MPP Program is funded on a pay-as-you-go basis and under this method, the OPEB plan's fiduciary net position was not projected to be sufficient to make projected future benefit payments. Therefore, a discount rate of 2.21 percent, which is the Bond Buyer 20-Bond GO Index from Bondbuyer.com as of June 30, 2020, was applied to all periods of projected benefit payments to measurement the total OPEB liability.

#### Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the District if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate, for measurement period ended June 30, 2020:

	 Decrease 1.21%	 count Rate 2.21%	 Increase 3.21%
District's proportionate share of the net OPEB liability	\$ 49,310	\$ 45,188	\$ 41,077

#### Sensitivity of the Net OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the net OPEB liability of the District if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rate, for measure period ended June 30, 2020:

		Current									
		Healthcare Cost									
	1% De	1% Decrease (3.5 % Part A			1% Increase (5.5 % Part A						
	(3.5 % P										
	and 4.5	% Part B)	and 5.	5 % Part B)	and 6.5 % Part B)						
Net OPEB Liability	\$	41,177	\$	45,188	\$	49,786					

#### OPEB Plan Fiduciary Net Position

The MPP Program is funded on a pay-as-you-go basis with contributions generally being made at the same time and in the same amount as benefit payments and expenses coming due. Any funds within the MPP Program as of June 30, 2020, were to manage differences between estimated and actual amounts to be paid and were invested in the Surplus Money Investment Fund, which is a pooled investment program administered by the State Treasurer. For more information on the Surplus Money Investment Fund, see https://www.treasurer.ca.gov/pmia-laif/pmia/index.asp.

### Payables to the OPEB Plan

At June 30, 2021, the District had no amount outstanding for contributions to the OPEB plan required for the fiscal year ended June 30, 2021.

# **NOTE 11 - CAPITAL LEASES**

The District leases equipment valued at \$2,356,263, under an agreement which provides for title to pass upon expiration of the lease period. Future minimum lease payments are shown on the following page:

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

**NOTE 11 - CAPITAL LEASES (Continued)** 

Fiscal Year Ended June 30,	Governmental Activities
<u> </u>

Less amount representing interest	(996,163)
Present value of net minimum lease payments	\$ 2,253,830

#### NOTE 12 - LONG-TERM LIABILITIES - SCHEDULE OF CHANGES

A schedule of changes in long-term liabilities for the fiscal year ended June 30, 2021, is shown below:

		Balance July 1, 2020					 Deletions	Jı	Balance une 30, 2021	Due Within One Year	
Compensated absences	\$	39,535	\$	115,674	\$ 102,556	\$	52,653	\$	-		
Bonds payable		8,934,903			1,120,000		7,814,903		1,230,000		
Bond premium		109,845			37,662		72,183		37,662		
Bond discount		(4,348)			(1,631)		(2,717)		(1,631)		
Net pension liability		11,970,860		3,973,462	3,380,808		12,563,514				
Net OPEB liability		38,495		8,380	1,687		45,188				
Capital leases payable		2,282,070		32,071	60,311		2,253,830		75,643		
	\$	23,371,360	\$	4,129,587	\$ 4,701,393	\$	22,799,554	\$	1,341,674		

#### **NOTE 13 - JOINT VENTURES**

The Coast Unified School District participates in two joint ventures under the joint powers agreements (JPAs): the Self-Insurance Program for Employees (S.I.P.E) and the Self-Insured Schools of California Group II (S.I.S.C. II). The relationship between the Coast Unified School District and the JPAs are such that none of the JPAs are a component unit of the Coast Unified School District for financial reporting purposes.

The JPAs are independently accountable for their fiscal matters. The insurance groups maintain their own accounting records. Budgets are not subject to any approval other than of the respective governing boards. Member districts share surpluses and deficits proportionately to their participation in the JPA.

# Self-Insurance Program for Employees (S.I.P.E.)

S.I.P.E. was established to provide the services and other items necessary and appropriate for the development, operation, and maintenance of a self-insurance system for workers' compensation claims against the public educational agencies who are members thereof. The participants consist of the Office of the County Superintendent of Schools, school districts, and a community college. Each participant may appoint one representative to the governing board. The Governing Board is responsible for establishing premium rates and making budgeting decisions.

#### The Self-Insured Schools of California II (S.I.S.C. II)

SISC II arranges for and provides property and liability insurance for its member school districts. The Coast Unified School District pays a premium commensurate with the level of coverage requested.

NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2021

#### **NOTE 14 - COMMITMENTS AND CONTINGENCIES**

#### State and Federal Allowances, Awards, and Grants

The District has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under the terms of the grants, it is believed that any required reimbursements will not be material.

### **Litigation**

According to the District's staff and attorney, no contingent liabilities are outstanding and no lawsuits are pending of any real financial consequence.

#### **NOTE 15 - NET POSITION**

The government-wide and fiduciary funds financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted, and unrestricted.

Net Investment In Capital Assets – This category groups all capital assets, including infrastructure, into one component of net assets. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of these assets reduce the balance in this category.

Restricted Net Position – This category presents external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position - This category represents net position of the District, not restricted for any project or other purpose.

#### **NOTE 16 - FUND BALANCES**

Fund balances are composed of the following elements:

				Bond					
				Interest		Other	Total		
	General		&	Redemption	Go	vernmental	Governmental		
		Fund		Fund	Funds		Funds		
Nonspendable

SCHEDULE OF AVERAGE DAILY ATTENDANCE FOR THE FISCAL YEAR ENDED JUNE 30, 2021

	Second	Annual
_	Period *	Report *
Elementary		
Kindergarten through third	N/A	N/A
Grades four through six	N/A	N/A
Grades seven and eight	N/A	N/A
Elementary totals	N/A	N/A
Secondary		
Regular classes	N/A	N/A
Secondary totals	N/A	N/A
ADA totals	N/A	N/A

Average daily attendance is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

<sup>\*</sup>Due to the COVID-19 pandemic, this schedule is not required for the fiscal year ended June 30, 2021.

SCHEDULE OF INSTRUCTIONAL TIME FOR THE FISCAL YEAR ENDED JUNE 30, 2021

Grade Level	Instructional Days Required	Traditional Calendar	Status
Kindergarten	180	180	In compliance
Grade 1	180	180	In compliance
Grade 2	180	180	In compliance
Grade 3	180	180	In compliance
Grade 4	180	180	In compliance
Grade 5	180	180	In compliance
Grade 6	180	180	In compliance
Grade 7	180	180	In compliance
Grade 8	180	180	In compliance
Grade 9	180	180	In compliance
Grade 10	180	180	In compliance
Grade 11	180	180	In compliance
Grade 12	180	180	In compliance

Districts must maintain their instructional minutes as defined in Education Code Section 43501 and must have the number of instructional days as defined in Education Code Section 43502 (c).

The District has received incentive funding for increasing instructional time as provided by the Incentive for Longer Instructional Day. This schedule presents information on the amount of instruction time offered by the District and whether the District complied with the provisions of Education Code Sections 46200 through 46206. The District met or exceed its targeted funding.

SCHEDULE OF FINANCIAL TRENDS AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2021

	<u>\$ 2,394,561</u>	\$ 3,221,983	\$ 2,567,985	\$ 1,993,492
Unassigned fund balance	<u>\$</u>	<u>\$</u>	<u>\$</u>	\$
Available reserves as a percentage of total outgo	15.13%	23.03%	19.76%	15.21%
Total long-term debt	\$ 21,457,880	\$ 22,799,554	\$23,371,360	\$22,509,778
Average daily attendance at P-2	476	551	551	535

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

The General Fund balance has increased by \$1,455,486 over the past two fiscal years. The fiscal year 2021-22 budget projects a decrease of \$899,899. For a District this size, the State recommends available reserves of at least 4 percent of total general fund expenditures, transfers out, and other uses (total outgo).

The District has incurred an operating surplus in each of the past three fiscal years, and the District anticipates incurring an operating deficit in the 2021-22 fiscal year. Total long-term debt has increased by \$289,776 over the past two fiscal years.

Average daily attendance has increased by 16 over the past two fiscal years. A decrease of 75 in ADA is anticipated during the 2021-22 fiscal year.

# NOTES:

- (1) General Fund amounts do not include activity related to the consolidation of the Special Reserve Fund as required by GASB Statement No. 54.
- (2) Available reserves consist of all unassigned fund balances and reserved for economic uncertainties contained within the General Fund and the Special Reserve Fund.
- (3) Budget 2022 is included for analytical purposes only and has not been subjected to audit.

NOTE TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE FISCAL YEAR ENDED JUNE 30, 2021

#### **NOTE 1 - BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Coast Unified School District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements*, Cost Principles for Federal Awards (Uniform Guidance), therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic financial statements. The District has not elected to use the ten percent de minimus cost rate as covered in Section 200.414 Indirect (F&A) costs of the Uniform Guidance.

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees Coast Unified School District Cambria, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Coast Unified School District (the District), as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated January 7, 2022.

#### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

Board of Trustees Coast Unified School District Cambria, California

#### Report on State Compliance

We have audited the Coast Unified School District's compliance with the types of compliance requirements described in the 2020-2021 Guide for Annual Audits of California K-12 Local Educational Agencies and State Compliance Reporting, prescribed by Title 5, California Code of Regulations, Section 19810 that could have a direct and material effect on each of Coast Unified School District's state programs identified below for the fiscal year ended June 30, 2021.

#### Management's Responsibility for State Compliance

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

#### Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Coast Unified School District's state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the 2020-2021 Guide for Annual Audits of California K-12 Local Educational Agencies and State Compliance Reporting, prescribed by Title 5, California Code of Regulations, Section 19810. Those standards and audit guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on the state programs noted below occurred. An audit includes examining, on a test basis, evidence about Coast Unified School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Coast Unified Union School District's compliance with those requirements.

In connection with the audit referred to above, we selected and tested transactions and records to determine Coast Unified School District's compliance with the state laws and regulations applicable to the following items:

Compliance Requirements	Procedures in Audit Guide Performed
LOCAL EDUCATION AGENCIES OTHER THAN CHARTER SCHOOLS: Attendance accounting:	
Attendance reporting and Distance learning Teacher certification and misassignments Kindergarten continuance	Yes Yes Yes
Instructional Time Instructional Materials	Yes Yes
Ratios of Administrative Employees to Teachers Classroom Teacher Salaries Early Retirement Incentive	Yes Yes Not applicable

Compliance Requirements	Procedures in Audit Guide Performed
GANN Limit Calculation School Accountability Report Card K-3 grade Span Adjustment Apprenticeship, Related and Supplemental Instruction Comprehensive School Safety Plan District of Choice	Yes Yes Yes Not applicable Yes Not applicable
SCHOOL DISTRICTS, COUNTY OFFICES OF EDUCATION, AND CHARTER SCHOOLS: California Clean Energy Jobs Act Proper Expenditure of Education Protection Account Funds Unduplicated Local Control Funding Pupil Counts	Yes Yes Yes
CHARTER SCHOOLS: Independent Study-Course Based Attendance Mode of Instruction Nonclassroom-Based Instruction/Independent Study Determination of Funding for Nonclassroom-Based Instruction Charter School Facility Grant Program	Not applicable Not applicable Not applicable Not applicable Not applicable Not applicable

#### Basis for Qualified Opinion on Classroom Teacher Salaries

As described in the accompanying schedule of findings and questioned costs, as item 2021-001, Coast Unified School District did not comply with requirements regarding Classroom Salaries in accordance with the 2020-2021 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, prescribed by Title 5, California Code of Regulations, Section 19810. Compliance with such requirements is necessary, in our opinion, for the Coast Unified School District to comply with the requirements applicable to that program.

#### **Qualified Opinion on Classroom Teacher Salaries**

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, the Coast Unified School District, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on State Compliance for the fiscal year ended June 30, 2021.

#### **Unmodified Opinion on Other State Compliance Requirements**

In our opinion, the Coast Unified School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other state compliance for the fiscal year ended June 30, 2020.

#### Other Matters

The results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with the 2020-2021 Guide for Annual Audits of California K-12 Local Education Agencies and State Compliance Reporting, prescribed by Title 5, California Code of Regulations, Section 19810 and which are described in the accompanying Schedule of Findings and Questioned Costs as item 2021-002. Our opinion is not modified with respect to this matter.

#### Coast Unified School District's Response to Findings

Coast Unified School District's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The Coast Unified School District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion of all the effectiveness of the entity's internal control or on compliance outside of the items tested as noted above. This report is an integral part of an audit performed in accordance with 2020-2021 Guide for Annual Audits of California K-12 Local Education Agencies and State Compliance Reporting, prescribed by Title 5, California Code of Regulations, Section 19810 in considering the entity's compliance. Accordingly, this communication is not suitable for any other purpose.

Santa Maria, California

January 7, 2022

Moss, Leny & Haugheim LLP

The term "not applicable" is used above to mean either Coast Unified School District did not offer the program during the current fiscal year or the program applies to a different type of local education agency.

## INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Trustees Coast Unified School District Cambria, California

#### Report on Compliance for Each Major Federal Program

We have audited the Coast Unified School District's compliance with the types of compliance requirements described in the *Compliance Supplement* that could have a direct and material effect on each of Coast Unified School District's major federal programs for the fiscal year ended June 30, 2021. Coast Unified School District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Coast Unified School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles*, and *Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Coast Unified School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Coast Unified School District's compliance.

#### Opinion on Each Major Federal Program

In our opinion, Coast Unified School District, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each major federal program for the fiscal year ended June 30, 2021.

#### Report on Internal Control

Management of Coast Unified School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Coast Unified School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion of the effectiveness of Coast Unified School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe that a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SCHEDULE OF AUDIT FINDINGS AND QUESTIONED COSTS JUNE 30, 2021

#### Section II – Financial Statement Findings

There were no financial statement findings in the fiscal year ended June 30, 2021.

SCHEDULE OF AUDIT FINDINGS AND QUESTIONED COSTS JUNE 30, 2021

#### Section III - State Award Findings and Questioned Costs

#### FINDING 2021-001 CLASSROOM TEACHER SALARIES 61000

#### Criteria:

In accordance with Education Code Section 41372, unified school districts must have at least 55 percent of education expense be for teacher salaries.

#### Condition:

During our examination of expenses, it was noted the District did not meet the applicable minimum percentage.

#### Cause:

District oversight.

#### Effect:

The District did not spend enough for the minimum classroom teacher salaries by \$467,963.

Minimum percentage required: 55.00%

Percentage spent by the district: 50.34%

Percentage below the minimum: 4.66%

District's Current Expense of Education after reductions: \$ 10,904,866

Deficiency Amount: \$ 508,167

#### Questioned Costs:

\$508,167

#### Repeat Finding:

Yes, see Finding 2020-002.

#### Recommendation:

The District should monitor the expenditures for the year and ensure the minimum percentage is met.

#### **District's Corrective Action Plan:**

The District is in a situation, as a Basic Aid district where we find ourselves in declining enrollment and our number of teachers remained the same over the prior year. In addition, we have received an influx of COVID relief funding. While some of the money received was spent on salaries, we used the majority of the funding to prepare our sites for in-person instruction. We are receiving more revenues, based on property taxes, but spending relatively the same on salaries. However, we will monitor expenditures during the year to try and make sure the minimum percentage is met, if possible.

#### FINDING 2021-002 SCHOOL ACCOUNTABILITY REPORT CARD 72000

#### Criteria:

In accordance with Education Code Section 33126(b)(8), the District shall provide information on the safety, cleanliness, and adequacy of school facilities in the School Accountability Report Card using data gathered from the District's most recently completed Facility Inspection Tool (FIT) report.

#### Condition:

In examining the School Accountability Report Card, it was noted that the facilities information included for Cambria Grammar School, Santa Lucia Middle School, and Cambria High School did not match the information included in the FIT reports.

#### Effect:

The School Accountability Report Card did not accurately reflect the state of District facilities.

#### Cause

District oversight and change in personnel whom prepared the School Accountability Report Cards this fiscal year.

#### **Questioned Costs:**

\$0

SCHEDULE OF AUDIT FINDINGS AND QUESTIONED COSTS JUNE 30, 2021

#### Repeat Finding:

Yes, see Finding 2020-004.

#### Recommendation:

The District should ensure that all data from the FIT reports are properly entered into the School Accountability Report Card data in order to accurately reflect the state of the District's facilities as required.

#### **District's Corrective Action Plan:**

The District has assigned one person to review the School Accountability Report Card information given by the sites prior to it being finalized and published. With the disruption of the school year in 2020-21, this was one of the items that was not followed up on. This will be reviewed for the 2021-22 school year.

SCHEDULE OF PRIOR FISCAL YEAR AUDIT FINDINGS AND QUESTIONED COSTS JUNE 30, 2021

Section I - Financial Statement Findings

#### FINDING 2020-001 STUDENT BODY ACCOUNTS 30000

#### Criteria:

Internal control procedures must be followed when students hold a fund-raising event or collect cash. Per the ASB Accounting Manual, a fund-raising event may not be held unless cash control procedures have been established for the event, to protect against fraud, and to provide evidence that cash was handled appropriately. The ASB must reconcile cash received to cash deposited from every fund-raising event and collection of cash by using the following five cash control procedures as applicable; prenumbered tickets for all sales events, a cash register for store-type sales, prenumbered receipt books for all receipt transactions, a tally sheet for designated activities, and inventory control for vending machines.

#### Condition:

Of 10 receipts tested at Santa Lucia Middle School, 5 were missing appropriate documentation.

#### Effect:

A lack of appropriate expenditure control can lead to a misappropriation of assets.

#### Cause

District Oversight

#### Recommendation:

Prepare and retain documentation of cash received for all ASB events that includes the event, date, amount received from each individual, number of yearbooks sold, tickets sold, amount deposited, etc. in enough detail to allow recalculation of the amount received that agrees with the amount deposited for each event conducted during each school year. See *Chapter 10 – Cash Receipt Management & Procedures* of the ASB Accounting Manual for more information.

#### **Current Status:**

Implemented.

SCHEDULE OF PRIOR FISCAL YEAR AUDIT FINDINGS AND QUESTIONED COSTS JUNE 30, 2021

#### Section II - State Award Findings and Questioned Costs

#### FINDING 2020-002 CLASSROOM TEACHER SALARIES 61000

#### Criteria:

In accordance with Education Code Section 41372, unified school districts must have at least 55 percent of education expense be for teacher salaries.

#### Condition:

During our examination of expenses, it was noted the District did not meet the applicable minimum percentage.

#### Cause:

District oversight.

#### Effect:

The District did not spend enough for the minimum classroom teacher salaries by \$467,963.

Minimum percentage required: 55.00%

Percentage spent by the district: 50.61%

Percentage below the minimum: 4.39%

District's Current Expense of Education after reductions: \$ 10,659,746

Deficiency Amount: \$ 467,963

#### **Questioned Costs:**

\$467,963

#### Recommendation:

The District should monitor the expenditures for the year and ensure the minimum percentage is met.

#### **Current Status:**

Not implemented, see Finding 2021-001.

### Finding 2020-003 <u>AFTER SCHOOL EDUCATION AND SAFETY PROGRAM (ASES)</u> 40000

#### Criteria:

Attendance documentation supporting the reported numbers of students served for the ASES Program should be maintained by the school district in accordance with California Education Code § 8482-8484.6.

#### Condition:

In testing the supporting schedules for the 1<sup>st</sup> half of Santa Lucia Middle School's ASES Program, the District appeared to be overstating 61 days on attendance (days they were marked as present but not properly signed in or out).

#### Effect:

1st Half attendance is overstated.

#### Cause:

District oversight.

#### **Questioned Costs:**

\$0

#### Recommendation:

The District should implement controls to properly record attendance and ensure that all students are properly signed in and out daily.

#### **Current Status:**

ASES program was not selected for compliance examination by the State of California in the fiscal year ended June 30, 2021.

SCHEDULE OF PRIOR FISCAL YEAR AUDIT FINDINGS AND QUESTIONED COSTS JUNE 30, 2021

### FINDING 2020-004 SCHOOL ACCOUNTABILITY REPORT CARD 72000

#### Criteria:

In accordance with Education Code Section 33126(b)(8), the District shall provide information on the safety, cleanliness, and adequacy of school facilities in the School Accountability Report Card using data gathered from the District's most recently completed Facility Inspection Tool (FIT) report.

#### Condition:

In examining the School Accountability Report Card, it was noted that the facilities information included for Cambria Grammar School, Santa Lucia Middle School, and Cambria High School did not match the information included in the FIT reports.

#### Effect

The School Accountability Report Card did not accurately reflect the state of District facilities.

#### Cause

District oversight and change in personnel whom prepared the School Accountability Report Cards this fiscal year.

#### **Questioned Costs:**

\$0

#### Repeat Finding:

No.

#### Recommendation:

The District should ensure that all data from the FIT reports are properly entered into the School Accountability Report Card data in order to accurately reflect the state of the District's facilities as required.

#### **Current Status:**

Not implemented, see Finding 2021-002.
